# PFM Action Plan 2024-28

## FOR BETTER PUBLIC FINANCIAL MANAGEMENT IN BANGLADESH

## ACHIEVEMENTS

As on 31st December 2023

## 01. EXECUTIVE SUMMARY

- 1. The progress of implementation of the PFM Action Plan (2024-28) illustrates the update through the Semi-Annual progress report for the period of 01 July 2023 to 31 December 2023.** As the PFM Action Plan (2018-2023) came to an end on 31 December 2023, this report has been published based on the PFM Action Plan (2024-2028). The purpose of this report is to portray the achievements, challenges, and way forward for each component as outlined in the PFM Action Plan and annual work plan activities. The Cabinet Division, Planning Commission, Parliament Secretariat, the Office of Comptroller and Auditor General (OCAG), National Board of Revenue (NBR), and key line ministries are closely engaged in the process of developing the PFM Action Plan. Development Partners (DPs) - the World Bank, Canada, European Union, and Japan International Cooperation Agency (JICA) - also provided the necessary support.
- 2. PFM Action Plan (2018-23 has been revised as PFM Action Plan (2024-2028)** in accordance with the PEFA report (2021) and ongoing implementation. As the implementation period of PFM Action Plan (2018-23) ended on June 30, 2023, based on the Financial Accountability Assessment (PEFA) scores of the PEFA Report 2021, each component of the PFM Action Plan has revised the activities and the revised PFM Reform Action Plan (2024-2028) has been approved in March, 2023. Fourteen (14) new activities have been added in the revised Action plan, while some other activities are being revised in response to the challenges identified by stakeholders during implementation. Finance Division (FD) has taken the lead role to revise/update the PFM Action Plan (2018-23) based on the PEFA scores.
- 3. The PFM Action Plan progress report is prepared on a semi-annual basis by the Program Execution and Coordination Team (PECT)** based on the regular inputs received from the Program Implementation Teams (PITs) for their respective components of the PFM Action Plan. The PITs revised the Annual Work Plans (AWPs), which detailed the actions that would contribute to the fulfillment of the goals. While planning the activities for the various components, the PIT and PECT considered the PEFA Secretariat's latest PEFA Assessment 2021 report for Bangladesh, with a special emphasis on gender, climate change, and disaster.
- 4. Dr. Md. Khairuzzaman Mozumder undertook charge as new Secretary of Finance Division on 28 August 2023.** Dr. Md Khairuzzaman Mozumder, Secretary, Finance Division, is an accomplished professional with a 30-year career in various fields combining finance, macroeconomics, international economics, customs, trade facilitation issues, international development, WTO issues, and international trade. Before joining as the Finance Secretary, he served as the Secretary of the Energy and Mineral Resources Division under the Ministry of Power, Energy and Mineral Resources. Before that, he served as the Additional Secretary (Macroeconomic) in the Finance Division under the Ministry of Finance. He joined Bangladesh Civil Service (Administration) in the 11th Batch in April 1993, and later served in various positions of BCS (Customs & Excise) in the National Board of Revenue under the Ministry of Finance. Dr. Mozumder has a PhD in Government (political economy) from the University of Essex in United Kingdom. He has also obtained an MA in Political Economy from the McGill University in Canada. He obtained an MSS in international relations

from the University of Dhaka in first class securing the second position, and prior to that he obtained a BSS (Honors) in international relations from the same university securing the first position. During his long professional career, he participated in numerous training programs at home and abroad covering fiscal affairs, finance, trade and development issues.

5. **Disbursement adjustment, pending and DLR achievement status reports have a major advancement in this reporting period.** Till December 2023, a total of 23 DLRs are fully achieved and 4 DLRs are partially achieved and disbursed. Moreover, 17 DLRs are in progress and in the right track. The 1st advance has been adjusted and the 2nd advance has been disbursed and adjusted from advance. Currently amounting USD 17.9945 million is remaining as advance which will be adjusted by achieving DLRs. DLR achievement status report on DLR-6.3 and DLR-10.2 is now under process of verification by PwC. Furthermore, DLR achievement status report on DLR-7.3 has been prepared and shared the draft version with the World Bank for their feedback.
6. **Successfully convened the 3rd Steering Committee Meeting on 31st July 2023 and some critical decisions were made by the SC Members:** 3rd Steering Committee (SC) meeting under SPFMS was virtually held on 31st July 2022 which was chaired by Ms. Fatima Yesmin, Senior Secretary, Finance Division and represented by participants from different MDAs, Development Partners (DPs), PIT members of the PFM Action Plan components, the Program Execution & Coordination Team (PECT), Implementation Support Consultants (ISCs) and relevant stakeholders. After a detailed presentation by Mr. Shirajun Noor Chowdhury, NPD, SPFMS the major decisions taken in the meeting were as follows: a) To achieve DLR-10.6, the SPFMS's team has to keep working with the World bank team to finalize the newly identified training/ courses that will be conducted by reputed institutions, b) the opening DLR achievement status report and disbursement should be completed before the next World bank's Implementation Support Mission to be held in September 2023, c) All procurements based on the approved APP for FY 2023-24 of 8 schemes should be completed efficiently within the stipulated time frame, d) the second retreat to finalize the PFM Reform Action Plan (2024-28) may be held in the last week of September 2023, and e) the PFM Summit will be organized in collaboration with the Finance Division and the World Bank to publicize the government's 3 (three) decades of PFM success stories.
7. **The World Bank (WB) team undertook the 6th implementation support mission (ISM) for the Strengthening Public Financial Management Program to Enable Service Delivery (SPFMS, P167491) between October 11 and 19, 2023.** The main objectives of the mission were to: (i) review implementation progress of SPFMS, (ii) discuss key implementation bottlenecks, (iii) review the status of Disbursement Linked Indicators (DLIs) and Disbursement Linked Results (DLRs); (iv) review implementation of the Program Action Plan (PAP); (v) agree on an action plan for effective and efficient implementation; and (vi) agree on a plan to accelerate disbursements. The WB team expressed its sincere appreciation for the excellent coordination, technical inputs and support provided by the representative of the Finance Division (FD) of Ministry of Finance (MoF) led Mr. Shirajun Noor Chowdhury, Additional Secretary and National Program Director, SPFMS Program, together with the Program Execution and Coordination Team (PECT), respective Program Implementation Team (PIT) members, Implementation Support Consultants (ISCs) and the Institute of Public Finance (IPF).
8. **New PECs and Senior Consultants/Consultant have taken responsibilities.** There are eight (8) PECs on board to oversee 8 schemes and fourteen components. Mr. Anisuzzaman, Deputy Secretary, Finance Division took responsibilities as Program Executive and Coordinator (PEC) for iBAS++/BACS scheme from 21 November 2023. Moreover, Md. Tajul Islam, Deputy Secretary took responsibilities as Program Executive and Coordinator (PEC) for State Owned Enterprises' Governance scheme from 24 August 2024. Furthermore, Ms. Rukhsana Hasin, ndc joined as Senior Consultant (Monitoring and Evaluation) on 24 September 2023, Mr. Md. Zillur Rahman as Senior Consultant (Procurement Specialist) on 21 September 2023 and Mr. A K M Rahmat Ali Howlader as Consultant (Communication Strategy) on 1 October 2023.
9. **1st PFM Summit held on 25 September 2023.** The Finance Minister Mr. AHM Mustafa Kamal was addressing the Public Financial Management (PFM) Summit 23 as the Chief Guest held at Pan Pacific Sonargaon Hotel, Dhaka jointly organized by the Government of Bangladesh and the World Bank. Highlighting the immense need of inward remittance under the current circumstances, he said the inflow of remittances solely can solve the country's problem of foreign exchange and eventually other

macroeconomic problems arising from this sector. World Bank Country Director for Bangladesh Abdoulaye Seck was present at the event. Additional Secretary (Budget-1), Finance Division and National Program Director, SPFMS program, Mr. Shirajun Noor Chowdhury made a PowerPoint presentation on the overview, successes and challenges of PFM reform in Bangladesh while a video documentary showcasing key PFM achievements as well as a short film on the success stories of the government pension reform were also screened. The PFM Summit 2023 serves as a platform to recognize Bangladesh's accomplishments in the realm of Public Financial Management over the past three decades and discuss reforms needed to address existing and emerging challenges. Earlier, five former Finance Secretaries at a session shared their experiences on the institutionalization of the PFM reform. They were: Mr. Zakir Ahmed Khan, Dr. Mohammad Tareque, Mr. Fazle Kabir, Mr. Mohammad Muslim Chowdhury and current central bank governor Mr. Abdur Rouf Talukder. Ms. Suraiya Zannat, Lead Governance Specialist, Financial Management, the World Bank team leader, SPFMS, moderated the session. The Finance Minister handed over crests to them as they were honored as 'Reform Champions' in PFM. They suggested developing skilled human resources in the PFM management, introducing internal audit in all government institutions, sustainability in the PFM, giving a big thinking in terms of restructuring the civil service.

10. **2nd PFM Stakeholders' Retreat held on 27-29 September 2023.** Recognizing that strong PFM systems are essential to boost efficiency of public service delivery and reduce waste, the Government of Bangladesh, with support from the World Bank and other development partners, have been continuously undertaking and implementing PFM reform initiatives since the last three decades. To review the progress that have been achieved over the years and to brainstorm over new ideas to take forward the future PFM reform initiatives, the 2nd PFM Stakeholders' Retreat held during 27-29 September 2023 at

Dream Square Resort, Gazipur. The event was successfully held and was marked with vibrant and rich discussions by the PFM reform agents, specialists and the participants. The objective of this PFM retreat was to provide updates on the progress, notable accomplishments, challenges, and future directions for each component of the SPFMS program. Additionally, discussion was held with the revised activities and sub-activities outlined in the PFM action plan (2024-2028). During the presentations, discussions were held on potential solutions, and an outline of the essential actions needed to improve the scores in the upcoming PEFA assessment. This 2nd PFM Stakeholders' retreat was designed for the members of the Program Implementation Teams (PITs), Program Execution and Coordination Teams (PECT) as well as for the representatives from the Finance Division, Cabinet Division, IMED, ERD, Planning Commission, OCAG, CGA, NBR, Bangladesh Bank, CPTU, and other PFM institutions, including the development partners who is supporting the implementation of the PFM Action Plan from the very beginning. Nonetheless, through unwavering commitment and strong leadership from these key PFM players, successfully navigated several challenges and achieved remarkable progress in various aspects of PFM reform. Some notable successes include treasury modernization, iBAS++, electronic fund transfer, A-challan, e-payroll, GPF, e-pension, internal audit, State-Owned Enterprises (SOEs), macroeconomic

model and facilitating fund transfers for social safety net programs using mobile banking, etc. During the business session, all 14 components of the PFM Action Plan meticulously presented and demonstrated their individual activities, challenges, and future directions encountered during the implementation of component activities.

11. **Successfully conducted the 10th TAC Meeting on 5 September 2023.** The 10th TAC meeting was held on September 5, 2023 at Bangladesh Secretariat. The meeting was attended by the representatives from the World Bank, the Foreign, Commonwealth & Development Office (FCDO), European Union, High Commission of Canada, and members from the Cabinet Division, NBR, Planning Commission, OCAG, CPTU, Macroeconomic Wing, Treasury and Debt Management wing, SOE Monitoring Cell, SOE Wing, Budget Wing of Finance Division, Program Execution and Coordination Team (PECT) and Implementation Support Consultants (ISCs) of SPFMS program. The meeting was convened to cover five agenda items as enumerated below: (1) Financial Progress of SPEMP, (2) Domestic Resource Mobilization, (3) Systems Interoperability of iBAS++ with NBR & Planning Commission systems, (4) Performance Management and M&E Framework, (5) Macro-fiscal modeling, SOE Performance, and Fiscal Risk Management, and (6) Training & Capacity Building. The overall presentation on SPEMP- BETF was delivered by Robert Yungu, Senior Public Sector Specialist, the World Bank.

12. **Successfully conducted the Check-in-Meetings with PITs on 26th and 27th July 2023.** The meetings were chaired by Mr. Shirajun Noor Chowdhury, NPD, SPFMS and Additional Secretary, Budget Wing, Finance Division, Ministry of Finance. Following issues were discussed during the meeting: (1) DLR Achievement status/ (2) Work plan for DLR achievement with timeline; (3) challenges of implementation (if any); and (4) Miscellaneous. As per the schedule, on 26 July, 2023 the following schemes were discussed in the meeting: C-1: Scheme on Improvement of Fiscal Forecasting through Development of Macroeconometric Model, C-3: Scheme on Strengthening the Capacity of Treasury & Debt Management Wing of Finance Division, C-4: Scheme on Improving the Budget Process through Capacity Development of BMCs and BWGs and C-7: Scheme on Improvement of Public Financial Services Delivery through Implementation of BACS and iBAS++. On 27 July, the following schemes were discussed in the meeting: C-8: Scheme on Improving Pension Management System and Quality and Timelines of Financial Reporting, C-9: Scheme on Strengthening of State-Owned Enterprises Governance, C-10: Scheme on Internal Audit and Audit Follow-up and C-14: Scheme on PFM Reforms Leadership, Coordination and Monitoring. Furthermore, the PECT and World Bank representatives had an in-depth discussion to know the status of the actions made by the PITs and suggested some recommendations for future successful implementation to overcome the DLRs and roadblocks.

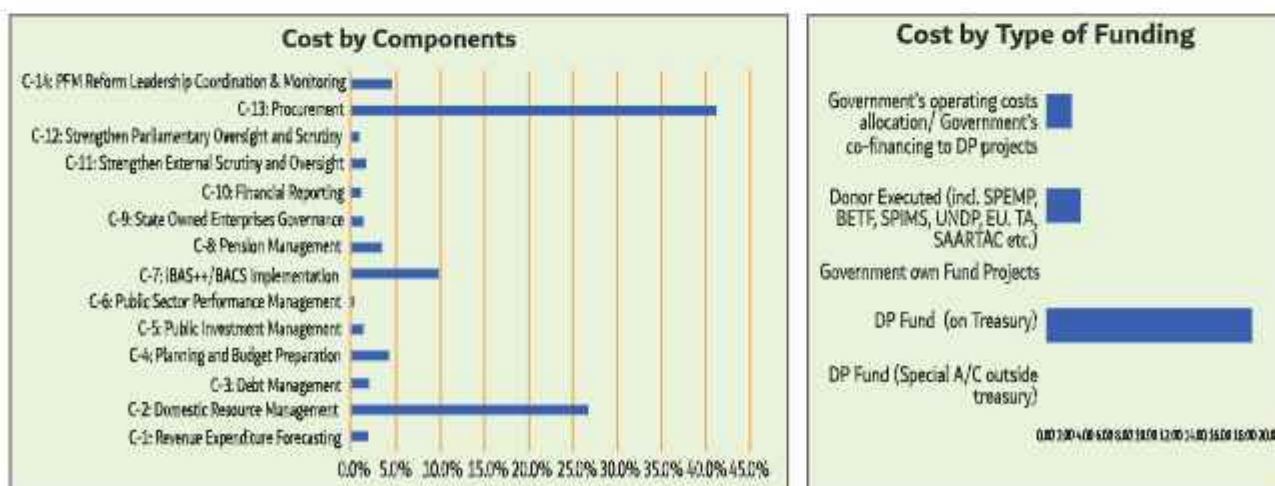

13. **Professional Development Course on "Strategic Human Resource Management, Business Leadership and Change Management"** organized by AIT Extension,

Asian Institute of Technology (4-8 December, 2023) funded by SPEMP-BETF. Under the technical support from BETF, participants from SPFMS program and Finance Division received Professional Development Course on “Strategic Human Resource Management, Business Leadership and Change Management” organized by AIT Extension, Asian Institute of Technology (4-8 December, 2023) funded by SPEMP-BETF. A total of 5 days’ training courses designed covering: (1) Strategic Human Resource Management in Thai Government, (2) Performance Management, (3) Change Management, (4) Strategic Human Resource Management, and (5) Business Leadership. The sessions were conducted by professional trainers from both the government and private sector arranged by AIT Extension, Thailand. There was also a study visit for exchange of views with Strategic Transformation Office, Bangkok. The course aimed to help in building more commitment, better relations and interactions that results in outstanding team performance. After the successful completion of the course certificate award ceremony was held.

14. The PFM Reform process has an adequate governance structure and implementation arrangements. While each of the above-mentioned projects/schemes has its own implementation modality, the overall PFM reform program has two-tier governance and coordination structure - comprising of a Steering Committee and a Program Execution and Coordination Team (PECT). This ensures alignment and synergies between the various projects. The Steering Committee headed by the Finance Secretary has representation from major spending ministries, Cabinet Division, OCAG, NBR, ERD, and Planning Commission. The Steering Committee oversees the implementation progress, provides policy guidance, and ensures an enabling environment for reforms to succeed and sustain. The PECT is leading the coordination of the PFM reforms. In close coordination with the PECT, 13 PITs have the primary accountability for the implementation of the respective PFM Action Plan components and achieving the performance targets. Preparation of the semi-annual progress reports along with the semi-annual retreats and regular PFM field inspections are important coordination instruments. This new governance and coordination structure of PFM reforms is providing a mutual learning and accountability platform among the relevant institutions for the sustained use of improved PFM procedures and systems.
15. The total cost of the reforms is BDT 194.10 crore (USD 23.11 million) for this reporting period. Of this amount, BDT 0.12 crore (USD 0.01 million) spent on the DP co-financed projects outside the government’s single treasury account, while BDT 151.12 crore (USD 17.99 million) spent on DP co-financed on-treasury account. BDT 24.46 crore (USD 2.91 million) equivalent spent by different DPs to support PFM reforms in Bangladesh. Finally, BDT 18.39 crore (USD 2.19 million) is the allocation of the Government-own operating costs/ Governments’ co-financing to DP projects of staffing and other recurrent expenditures directly attributable to the PFM reforms. In previous reporting time, the total cost of the reforms was 1453.40 crore and the cumulative cost is 1647.49 crores up to this reporting time. The breakdown by recipient is presented in the graph below for expenditures from July 2023 to December 2023.

**16. Traffic lights that represent the progress of each of the PFM Action Plan Components.**

The following figure is a traffic light that represents the progress of each of the PFM Action Plan components.

|  | C-7: iBAS++/BACS Implementation           |  | C-14: PFM Reform Leadership Coordination & Monitoring |

## 02. ACHIEVEMENTS

17. Disbursement Linked Results (DLRs) have made significant progress from July 1, 2023 to December 31, 2023. Regarding DLR achievement, the SPFMS program has 10 DLIs (Disbursement Linked Indicators), which contain a total of 45 DLRs (Disbursement Linked Results). During this reporting period, 23 DLRs (51.11%) were entirely completed, 3 DLRs (6.66%) were partially achieved, and 16 (35.55%) DLRs were still in progress. Furthermore, the third-party verification agency PWC is currently processing the seventh verification report, which includes two DLRs, one of which (DLR-6.3) is partially achieved and the other (DLR-10.2) is fully achieved. Furthermore, the DLR 7.3 Achievement Status Report has already been generated for verification and will be sent to PWC for verification.

## 18. Objective

Efficient public financial management depends on reliable forecasting of the key macroeconomic variables, including public revenue and expenditure. The Macroeconomics Wing (MEW) plans to develop a mechanism to reduce uncertainty among policymakers about the economy's future and increase overall efficiency in public financial management. Therefore, this scheme aims to create a macroeconomic model compatible with Bangladesh country context. The developed macroeconomic model will hopefully be able to forecast macroeconomic and fiscal indicators of Bangladesh economy. These predicted indicators again will help to develop the critical policy instrument, namely Medium-Term Macroeconomic Policy Statement (MTMPS).

## 19. Outputs

- Fifty years national income data (base year 15-16) have been collected from BBS
- The macroeconomic database has been updated.
- DLR 1.2 has been achieved.
- Appointed a Senior Consultant-Econometrics.
- A document containing all previous initiatives for developing the macroeconomic model has been published to facilitate model development.
- Training on GDP Compilation, CPI, and on Monetary Policy have been arranged.
- Budget Execution Reports (fiscal) for five years have been finalized.
- A focal person from the PIT members and from the scheme have been appointed for data collection for smooth data compilation.
- A successful meeting with iBAS++ officials has been organized to pull fiscal data to the macroeconomic data base through API.
- Training on Basic Microsoft Excel has been arranged for relevant FD officials.

## 20. Challenges and Mitigations

- Retaining the acquired knowledge and experience to MEW of the Finance Division is a daunting task due to the frequent transfer of the officials. An organized system of posting and transfer to the Finance Division, especially in the Macroeconomics Wing, is crucial to sustain and continuously improve the macroeconomic model and related resources to get the potential benefit of forecasting.
- The scheme officials with the help of the PIT members have started working to develop learning materials (detailed user manual, video tutorial, Power-Point files) so that newly joined officers at Macroeconomics Wing can be familiar with the model within the shortest possible time.

## 21. Projects/schemes Contributing to this Scheme/Component

- Updated the time-series database for macroeconomic indicators (Real Sector, Fiscal Sector, Monetary Sector, and External Sector) can be useful for different wings of Finance Division and scheme officials
- The updated data and model output can also be used to prepare important publications such as Medium-Term Macroeconomic Policy Statement (MTMPS) and 'Socioeconomic Progress and Recent Macroeconomic Development in Bangladesh'.

## 22. Next Steps

- A two-day workshop on Mnemonics of Data in the Macro Fiscal Model (MFMod) will be held from 01-03 February 2024. The equations will be presented in the Workshop.
- A detailed user manual for MFMod will be prepared.
- Training on MFMod will be arranged with the support of the World Bank's MFMod experts during the period of 11-15 February 2024.
- Visiting a country which successfully implement MFMod for projection.
- The first wave of projection using MFMod is planned before the next Coordination Council Meeting (March 2024).
- Scenario analysis is planned to start from the next fiscal year (FY 2024-25).
- A training on climate risk analysis and adaptation has been planned to arrange in February 2024.
- Training will be arranged on Advanced Excel for Professionals.
- Training on FPP will be arranged from 28 January 2024-01 February 2024.

**C-2 Domestic Resource Mobilization**

**23. Objective:**

Domestic revenue mobilization is the key to smooth operation of the government and steady financing for development. Though Bangladesh has been making continuous progress in reducing the tax gap and increasing tax-to-GDP ratio over the last few years, the ratio still falls behind in regional and sub-regional comparisons. A planned approach for domestic revenue mobilization is necessary for utilizing the full revenue potential of the country. Component 2 of the PFM reform program aims at increasing the tax-to-GDP ratio through an improved taxation strategy (Medium- and Long-Term Revenue Strategy) and building a modern tax administration through undertaking necessary policy reforms, improving business processes, adopting frontier technologies, revisiting PEFA related issues, and enabling digital transformation. The approach planned under Component 2 will enhance voluntary tax compliance, prevent tax base erosion, reduce compliance cost, and improve taxpayers' behavior in tax compliance, improve NBR's PEFA score in the next assessment, and thereby, contribute to better mobilization of domestic revenue.

**24. Outcomes:**

The new Income Tax Act (Income Tax Act, 2023) has been enacted and implemented with effect from 22 June 2023. This new income tax law is the outcome of several years' efforts for enacting income tax laws in Bangla, having relevant provisions to take care of the changes in business models and the advent of digital and virtual economy. Few years back, VAT and Supplementary Duty Act, 2012 was enforced (in July 2019). VAT is the biggest source of revenue for the NBR followed by income tax and customs duty. The new VAT and Supplementary Duty Act addresses the complexities and provides a modern streamlined VAT system. The most important change was the introduction of four VAT rates including the existing 15 percent. Apart from the standard VAT rate of 15 percent three different VAT rates of 10 percent, 7.5 percent, and 5 percent for specific goods and services have been introduced. Online registration for enlistment became mandatory and as of now the Integrated VAT Automation System (IVAS) system has issued a total of 4,60,659 Business Identification Numbers (BINs) to the VAT payers. The Integrated VAT Administration System (IVAS) has also initiated the online returns submission process with the Large Taxpayers' Unit (LTU). From July 2023 to December 2023, total 14,75,759 returns have been submitted online.

**25. Outputs:**

- NBR formed two MLTRS teams, one for direct tax wing and another one for indirect tax wing, in order to prepare homegrown Medium- and Long-Term Revenue Strategy. To this end, both the direct and indirect tax wings of NBR submitted the draft MLTRS reports to NBR.
- MLTRS draft paper for direct tax wing has already been reviewed by the senior management of NBR. The strategy paper will be finalized and published after stakeholder consultation.
- NBR prepared an activity list for finalizing indirect tax part of the MLTRS, which includes conducting FGDs with relevant government agencies (Ministry of Finance, Ministry of Commerce, PMO etc), key trade bodies (FBCCI, BGMEA, BKMEA, BTMEA, FICCI, DCCI, MCCI, CCCI etc.), think tanks (SANEM, BUILD, CPD, PRI etc.), development partners (WB, ADB, JICA, USAID etc.) and requested to WB for financial assistance in conducting these activities. The WB assured its assistance in conducting the aforementioned activities.
- In the process of formulating Medium- and Long-Term Revenue Strategy (MLTRS) for NBR, the MLTRS team of indirect tax wing conducted three focus group discussions (FGDs). The first FGD was held with the Customs Commissioners, the second FGD was held with key trade bodies and think tanks, and the third one was held with development partners. The participants of the FGDs provided their opinion and suggestions during the discussion sessions and were asked to provide further suggestions with proposal, if any, by email.
- After careful reviewing PFM sub activities and key steps, NBR prepared a new work plan based on the latest PEFA assessment with a view to improve NBR PEFA score in the next assessment. The new Annual Work plan has been finalized with the inclusion of PEFA related sub-activities and key steps. NBR is forming different teams for preparing plans, strategies and recommending action programs related to the strengthening of the revenue risk management capacity as outlined in PEFA goals.
- Initiative has been taken to internally conduct a tax expenditure analysis. The direct tax wing already published the tax-expenditure analysis. The indirect tax wing of NBR is working closely with IMF officials to complete the Tax-Expenditure analysis. In the first phase, the IMF team conducted a workshop and consulted with the senior NBR officials to understand the VAT regime and mechanism of Bangladesh. In the second phase, the IMF team visited NBR in November 2023 and submitted a draft report on Tax-expenditure analysis. NBR team is now reviewing the report.
- A new Post Clearance Audit (PCA) manual for indirect tax wing has been developed.
- A number of trainings and workshops has been organized in audit, trade policies, cargo targeting, risk management and digital transformation areas.
- NBR introduced Public-Private partnership to operate & maintain a new Electronic Fiscal Device Management System (EFDMS) in order to bring more retailers into VAT net. Under this initiative, NBR aims to set up 3(three) lakh Electronic Fiscal Devices (EFDs) at retail and wholesale stores in Dhaka and Chattogram metropolitan area by a third party within five years and expand the numbers after successful completion of the endeavor in other areas of Bangladesh. Around 30,100 EFD and SDC devices have been installed till December 2023.
- NBR simplified the VAT return form for retailers and incorporated it in the EFDs so that the retailers can easily submit the VAT return.
- A comprehensive tax administration reform has been completed in income tax where several tax new offices, specialized tax units and appeal units have been established. The newly formed units will be fully operational from July 2024.

**26. Challenges and Mitigations:**

The Fourth Industrial Revolution is transforming the economy of Bangladesh as well, and NBR needs to build the capacity to tax in this digital and virtual environment. Introducing a data-driven tax system is the key to combating tax evasion and ensuring better services to taxpayers. Tax administration needs to be digitized. The limited capacity of the NBR in terms of both resources and knowledge is a major challenge in managing digital transformation. IT personnel and coordination shortcomings continue to be a concern. There is a pressing need to consider the issue of sustainability of the IT system. NBR has conducted an in-house study

to identify policy and administrative challenges of the taxation of digital and virtual economies. Though the score and the ranking of NBR in the last PEFA assessment have increased from the earlier assessment, the score and ranking are not at the expected level, and there is an urgency from the Government to significantly improve the score in upcoming PEFA assessment 2024. A number of measures will be undertaken to ensure that the tax system of the country can keep pace with digital disruption, changing taxation ecology and thereby mobilize expected level of domestic revenue.

## **27. Projects/schemes contributing to this component:**

**a. National Single Window (NSW):** GOB approved "The Bangladesh Regional Connectivity Project 1: Implement National Single Window and Customs Modernization Plan 2017-2020" costing BDT 58,539 lac (US\$74.1 million) in July 2017 which has a closing date of 31 December 2023. This project is implemented by the NBR. In line with international standards, including the WTO Trade Facilitation Agreement, the Government of Bangladesh has committed to the implementation of a Bangladesh Single Window (BSW) system and the associated reforms and modernization of Customs and other border management agency requirements. Once fully operational, the system will allow traders to submit all import, export and transit information required by Customs and other key regulatory agencies via a single electronic gateway instead of submitting essentially the same information numerous times to different government agencies, many of which still rely heavily on paper-based processing systems.

### **Progress:**

- Completion of NRB-RFP-1A package for procurement of NSW Solution and ARMS has been done. Webb Fontaine, a Dubai based software company was selected to implement and develop the software solution for single window and ARMS. Contract signed on the 17th June of 2023. Webb Fontaine has submitted a Project Plan and Project Inception Report.
- Three consecutive CLPIA (Certificates, licenses and permits issuing authority) sensitization meetings were held on August 7, 8 & 9. There NSW PIU has prioritized the implementation steps according to the CLPIAs readiness.
- Web Fontaine has submitted the SRS and FRS reports for the National Single Window software solution.
- Webb Fontaine produced the Solution Architecture Document and submitted it to the NSW PIU.
- Training Schedule and Training Materials for the CLPIA, stakeholders and for the users of NSW solutions has been prepared by Webb Fontaine.
- The second largest procurement of the NSW project is Hardware Procurement. This package is named NBR GD2A. Preparing tender documents for this procurement are in progress. Hopefully by January 2024, the IFT of this package will be published.
- WB gave consent to extend the project period. In this regard, we need to revise the DPP. PIU has already sent the Second Revision of the DPP to the IRD (Internal Resources Division). Subsequently IRD sent the proposal to the Planning Commission for the approval of the project period.
- Revised DPP for the project extension (from 2024 to 2026) is approved by the Planning Commission.
- World Bank Mission visited NSW in September to review the development of the NSW Project. And they found the project performance at a satisfactory level.
- PIU completed the final evaluation of the NBR-RFP1A package tender and resolved the three audit objections by FAPAD for FY 2019-2020 and FY 2020-2021. PIU also replied to the four audit objections of FY 2021-2022 to FAPAD. In total, NSW PIU also resolved eight audit objections out of nine for the period of FY 2021-2022 and 2022-2023 of FAPAD.
- A PSC meeting was held on September 2023. By this time, PIU had completed the appointment of an Individual Consultant named "Project & Contract Monitoring Consultant".
- PMQA (Project Management and Quality assurance) firm appointment related tender activities are ongoing. Initial selection has been done already. Subsequently RFP (Request for proposal) was issued among the initially selected firms. RFP evaluation is in progress.

**b. Bond Management Automation project:** GOB approved “Bond Management Automation Project” of BDT 9,301.98 lac in July 2017 and has a closing date of 30 June 2024. The program is implemented by the NBR. The aim of this project is the automation of customs bond management to bring full transparency in the system and reduce time and cost of doing business. The automation also aims to protect local industries from the uneven competition of business by preventing illegal entry of goods under duty-free access. Besides, the number of cases pending in the courts, this automation is supporting to reduce along with handling and examining the cases with the automated system.

**Progress:**

- 4(four) days ToT session conducted for 15 bond officers of Customs Bond Commissionerate, Dhaka (North) and Customs Bond Commissionerate, Dhaka (South). Following modules included in ToT session:
  - Bond License
  - Bond Register
  - Inventory
  - Coefficient
  - UP
- Development of Inter bond transfer management module, Subcontract management module, local purchase management module, Message queue and reporting module was done.
- UAT session of 10 (ten) developed modules completed in November 2023.
- Optimization of Coefficient module's performance enhancement as per piloting bonder's feedback. Performance is confirmed by 10 piloting bonders.
- User friendliness of Coefficient tab of UP module has been increased.
- 6 (six) modules have been deployed in the LIVE server. The modules are given below:
  - UP
  - Coefficient
  - Inventory
  - Bond Register
  - HS Code
  - General bond
  - UD
- Clustering feature is implemented in bond license module. It is reviewed by BMAP.
- An MOU has been signed between Bangladesh Bank and NBR with a view to integrating the BB system with Customs Bond Management System.
- Integration meeting with Bangladesh Bank was conducted. UP module related API requirement sent to Bangladesh Bank.
- Integration meeting with BIDA. Required integration API shared from BMAP to BIDA as per their requirement. BIDA is doing integration from their part.
- UD API integration meeting with BGMEA/BKMEA has been conducted. They will share few additional information.
- Integration meeting with BEZA. Required API documentation shared from BMAP to BEZA.
- UD API integration meeting with BGMEA/BKMEA for LC value. They will share Total LC value, Used LC Value and Available LC value through existing UD API of BGMEA/BKMEA.
- Role and responsibility restructuring has been done and reviewed by BMAP. Feedback of review meeting also incorporated.
- Development of Legal module, case management module and Audit module is currently ongoing.

**c. EU-funded Technical Assistance “Supporting the implementation of the PFM Reform Strategic Plan in Bangladesh” (EUR 10m, 36 months):** EU-funded Technical Assistance “Supporting the implementation of the PFM Reform Strategic Plan in Bangladesh” (EUR 10m, 36 months): The EU PFM programme has been in operation since September 2020 with the work plan being formally adopted by NBR in May 2021. The main activities of the program remain focused on (i) integrity (internal control), (ii) revenue risk management, and (iii) organization and planning. During this reporting period, the following progress has been made in the NBR component of the EU PFM TA program:

- The promulgation of the new 2023 Income Tax Law in June necessitated material changes to the return processing and associated systems developed under the EU TA programme auspices. These changes and updates were made to permit the tax filing window commencing October 2023 to be managed on systems fully compliant with the new legislation.
- The online return processing system that was introduced under this PFM programme in 2021 remains in use and showed continued increase in the taxpayer user base. The October to December return filing window saw a dramatic increase in online returns and ½ million returns are expected by end January 2024.
- The e-Return service center that was established in 2021 was re-activated and was staffed by six technical tele-operators to provide taxpayer support during the October – December return filing period.
- Software enhancements were made to the Taxpayer Registration System by the TA appointed service provider to make the system compliant with the new 2023 Income Tax Law.
- An advanced Java training course for 8 NBR officials was completed earlier in 2023. This course was aimed at strengthening NBR technical systems capacity and to reduce their dependency on external service providers. As a result, these technical experts were able to commence development of a new system called “Tax Return Preparation System (TRP)” to allow approved Tax Agents to submit tax returns on behalf of taxpayer clients. The system is planned to be operational by 3Q2024.
- Four other courses [(i.) System Administration, (ii) Network Administration, (iii.) System Security Management and (iv.) Database Administration] were also successfully completed over the reporting period. Each course was attended by eight specifically nominated NBR technical officers.
- The litigation expert consultant successfully developed key products for use in the litigation digitalisation process, including: (i.) litigation process workflows, (ii.) datasets, (iii.) standard operational procedures and policy across four litigation levels and (iv.) administering digitalisation of past judgements. This was done in conjunction with NBR litigation team and senior management officials.
- The TA prepared and facilitated the second of two litigation workshops to finalise the design of the future litigation case management system (consisting of the above litigation digitalisation components). The workshop was considered as being very successful by NBR and allowed the publication of the Litigation Case Management blueprint document as well as the design of an online taxpayer appeals submission process. Final blueprint endorsement by NBR is expected in 1Q2024.
- One TA expert is tasked with supporting both litigation and arrears interventions. As the focus was primarily on litigation activities during this reporting period – arrears activities were primarily focussed on initial consultations with senior management to define the detailed scope of arrears support interventions from the TA.
- Visits were made to two outlying regional tax centres and with litigation work closing, arrears effort will increase significantly into 1H2024.
- The TA facilitated study tour to Sweden took place in September and allowed fourteen NBR tax officials (mostly middle management, with two senior management officers joining) to have in-depth briefings and physically observe the steps taken by the Swedish Tax Agency to digitalise

the tax administration process and improve domestic revenue mobilisation. Attention was also focussed on taxpayer services, improving taxpayer relations, and supporting voluntary compliance. The eight-day tour was reported as a resounding success by both NBR delegates as well as the Swedish hosts.

- During August and September 2023, the analysis of local transfer pricing laws, examination of common financial transactions, assessment of training needs and evaluation of various commercially available transfer pricing benchmarking tools (including online demonstrations by vendors to NBR) allowed our expert to make tangible recommendations to NBR as to which benchmarking tool was the most appropriate for use in Bangladesh. The nominated tool was agreed to by NBR and contract negotiations with the vendor for subscription and use were completed. Financial approval from EUD is still under discussion.
- A transfer pricing benchmarking tool workshop was planned to permit the use of the tool to commence operational use within NBR international taxes / transfer pricing section in 1Q2024.
- A TAIEX program evaluation and application is underway to have NBR delegates visit a European Union revenue authority who is a current user of the proposed transfer pricing benchmarking system to see the system in actual use within an advanced revenue authority. Slovenia, Hungary and Poland were shortlisted as they use the product concerned and the application is expected to be finalised to permit the visit to take place in 2Q2024.
- Transfer Pricing Training has commenced and will be ramped up to provide introductory training to new tax officers being introduced to transfer pricing as well as advanced transfer pricing benchmarking techniques, specific to the nominated toolset.

|                               |                      |
| Dr. Manwar Hossain Malla<br>Deputy Secretary<br>Program Executive & Coordinator (PEC)<br>SPPMS, Finance Division | Md. Abdus Samad<br>Deputy Secretary<br>Implementation Support Consultant (ISC)<br>SPPMS, Finance Division |

**28. Objective**

- To enhance the government's debt management capacity, which will, in turn, strengthen the overall fiscal situation of the country.
- To minimize the borrowing costs subject to keeping risks at an acceptable level and supporting the development and functioning of the domestic debt markets.

**29. Outcomes**

- Publishing Medium-Term Debt Management Strategy (MTDS) on a regular basis.
- Publishing Quarterly Debt Bulletins on a regular basis
- Publishing Debt Sustainability Analysis (DSA).

**30. Outputs**

- The Medium-Term Debt Management Strategy (MTDS) 2021 for the term of FY2021-22 to FY2023-24 has been published and distributed among the stakeholders, which was one of the major components of the project.
- The 7th issue of the Quarterly Debt Bulletin has been published and is available on the Finance Division website. The 8th issue of the Debt Bulletin has been prepared with updated data and is in the process of approval from the appropriate authority.
- Nine out of the eleven savings schemes managed by the Directorate of National Savings have undergone digitization, resulting in improved client services through streamlined reimbursements and EFT payments. Furthermore, ongoing expansion of service coverage aims to accommodate new investors.
- The NTR data of different ministries/divisions have already been updated in the database. Two divisional workshops on NTR were organized in Khulna and Rajshahi on 24 September 2023 and 12 October 2023, respectively, where NTR collecting field offices participated.
- The report on DSA has been prepared and approved by the authority.
- Four coordination meetings on CDMTC took place within the mentioned period where the activities of the Scheme were also discussed.
- One CDMC meeting has been conducted which was chaired by Senior Secretary, Finance Division.
- An IMF-SARTTAC training course on Treasury Single Accounts (TSA) was held from 28 August to 30 August 2023 for the officials of the Finance Division to enhance their capacities and capabilities.
- A 10-day long training program on MS Excel was held on 13 August 2023 for the office staffs of the TDM wing of the Finance Division.
- Three PIT meetings were held with a view to reviewing the overall progress of the scheme.

**31. Challenges and mitigation****Challenges**

- Updating Debt-Database.
- Sustainability of NSC Management System.
- Arranging foreign training.

**Mitigation**

- Continuous communication with the data-providing agencies is being conducted for smooth data collection and updating of the debt database.
- Officials of NSC issuing offices have been trained in capacity building for the sustainability of the NSC management system, and this training program will be continued throughout the year.
- Initiative will be taken to arrange foreign training with assistance from the BETF.
- The documentation for the NSC management system, NTR database, and Debt Bulletin is currently being worked on.

**32. Projects/Schemes contributing to this component**

- a) Scheme on "Strengthening the Capacity of Treasury & Debt management Wing of Finance Division":  
GOB has approved the non-ADP Scheme on "Strengthening the Capacity of Treasury & Debt management Wing of Finance Division" of BDT 3,696 lac (US\$ 4.4 million) in March 2020 and has a closing date of 30 June 2026. The program is implemented by the Treasury and Debt Management Wing of the Finance Division under the WB co-financed SPFMS program. This scheme includes DLR-1.3 under DLI-1 and this DLR is partially achieved.
- b) IMF: IMF has supported the capacity-building training sessions on Public Sector Debt Statistics (PSDS), MTDS, DSA, etc.

**33. Next steps**

- The Quarterly Debt Bulletin will be published on a regular basis.
- The next MTDS 2024 is scheduled to be finalized by June 2024.
- The DSA report has been prepared and will be published on FD website in the near future.
- A Debt Conference will be organized by the end of the year 2024.

**34. Objective:**

Financial planning ensures that public expenditures are planned within the expected availability of resources in the medium term. The Budget Management Committees (BMCs), and Budget Working Groups (BWGs) have been set up in Ministries/Divisions/Other Institutions with a view to improving the overall budget preparation and implementation process. BMCs and BWGs play important role in ensuring that the budget is prepared in line with the mission statement and strategic objectives of the Ministry/Division/Other Institution. The BMC is also assigned with the job of implementation and result monitoring to measure performance against the output targets of the Department/Agencies and Key Performance Indicators (KPIs) of the Ministry/Division/Other Institutions set out in the Ministry Budget Framework (MBF). In sum, the BMC and BWG have vital role to ensure maximum value for public money. However, the BMCs and BWGs lack capacity and are not well-resourced to carry out such responsibilities under their wider terms of reference. The BMCs at the ministry level routinely meet to endorse submission of MBF to Finance Division leaving its wider terms of reference largely unfulfilled. Under this scheme, the capacity of the BMCs and BWGs is being strengthened to ensure better coordination of the operating and development budgets, improve budget alignment with development strategy and gender, social and climate considerations, alignment between financial and non-financial (performance) data, efficient fund release procedure, as well as to establish proper linkages between sectoral plans/strategies and resources and also between budget and performance.

35. Outcomes: To ensure the timely distribution of budget to DDOs from the budget holders a monitoring mechanism has been established via iBAS++. Under this system, the budget release status report can be generated from iBAS++. The report shows the budget amount released to DDOs at a point in time. The budget release status report will contribute to the achievement of SPFMS DLR 3.2. A sample of the report is shown in the table-1. The report allows the budget wing to identify the DDOs who have not received budget and to take corrective measures to enable improved budget utilization.

Three foreign trainings under MoA with Civil Service College, UK were conducted. These are 1) Leadership and Change Management in Public Sector Organization: Special Focus on Public Financial Management 2) Macro fiscal policy: Management, Modelling, Risks and 3) Strategic Budget Planning: Integrating Policies, Priorities, Resources and Results. Tenure of each of these training was 1 week where 20 officials (in total 60 officials) from LMs predominantly and few officials from FD attended in each of these trainings.

To date, under this program, several successful training sessions have been conducted, including workshops on Public Financial Management: Concepts, Rules, and Procedures; BC-1 Theoretical Training; BC-1 Weekly Feedback Training; Microsoft Excel for Office Management; use of R Workflow to Automate Research Report Writing; Budget preparation and Execution using BACS/iBAS++; Economics for Non-Economists; Introduction to Macroeconometric Methods and Applications, Leadership and Chain Management in Public Sector Organizations with a special focus on PFM; Strategic Budget Planning: Integrating Policies, Resources, and Priorities; and Macro fiscal Policy and Risk Management. These sessions collectively involved 5094 officials. In this quarter (July-December, 2023) total number of participants are 1491.

**36. Outputs:**

- Formation of Peer Review committees across 10 Ministries /Divisions have successfully established. So far, three meetings with the concerned budget desk officers have been conducted successfully.
- The goal of DLR 3.2, which aims for 80% of DDOs to have their budget released and distributed by July 31 of the relevant fiscal year, has been fully achieved and disbursed. Remarkably, 94.28% of DDOs have already had their budgets released and distributed by the specific deadline of July 31, 2023.

(Amount in Thousand)

| Type | Activity          | Total Active DDO | Approved Budget (2023-24) | Distribution (Authorization) DDO | Budget Released | % DDO Distribution (Cumulative) | % Budget Released (Cumulative) |

Source: IBAS++ (21/01/2024)

\*\*DDO of Special Activity and General Activity is the same.

\*\*DDO number in the parenthesis is already included in the DDO number of General Activities

- DLR2.3, which aims to increase the Recipient's expenditure on social sectors to 29% of the total actual public expenditure in the relevant financial year, has been fully achieved. The actual social expenditure for FY2021-22, based on the redefined social sector and calculation methodology, stands at 29.74% of the total actual public expenditure. This represents a significant increase compared to previous years, despite the challenges posed by the Covid pandemic in FY2019-20 and FY 2020-21. DLR 2.3 verification report is being prepared for third party verification.
- In this quarter, from October 08 to December 05, 2023 a comprehensive Microsoft Excel training was conducted for Budget Wing 1 & 2 staff, organized in four batches with 91 participants. Simultaneously, a session focusing on automating research report writing using R Workflow for budget desk officers is concluding, involving 21 participants with a specific emphasis on enhancing database management.
- On November 16, 2023, a specialized training session was held on budget preparation and execution utilizing BACS/iBAS++ included the active participation of 14 budget desk officers.

- Additionally, from December 17 to 28, 2023, a BC-1 theoretical training session for FY 2024-2025 brought together total 970 officers from ministries, divisions, FD officers, and staff.
- Concluding the quarter, a Training /workshop on “Public Financial Management: concepts, rules, and procedures” unfolded from December 17 to 19, 2023, hosting 53 officials from the Ministry of Women and Children Affairs at the Bangladesh Shishu Academy conference room.
- In alignment with the extension of the SPFMS program to 2026, a draft Training Action Plan for 2023-2026 has been prepared to update the Training and Capacity Building Strategy for 2026. A Stakeholders consultation workshop with the PDs of World Bank Funded Projects will be held soon and Issuance a circular to enforce the streamlined budget release process is in progress.
- Several PIT meetings were held throughout this quarter, facilitating the smooth progress of subsequent activities in these two quarters.

### 37. Challenges and mitigations:

As budget distribution process towards budget holders has been expedited via iBAS++, the DDOs now receiving the budget online (through iBAS++) immediately after the budget is approved. However, reportedly, there are still some delays in case of a few departments in the distribution of budget to the field level as it includes a huge number. International training opportunities are currently unavailable due to government-imposed restrictions.

#### Mitigation measures:

- Issuance of directives by FD to selected MDAs to ensure the release of budget/fund by 31 July to field offices (whose budgets are under group office code).
- Arrange awareness building activities for the field offices.
- Conduct activation workshops for selected MDAs to expedite the timely release of funds (i.e., by 31st July).
- Foreign training will resume upon withdrawal of restrictions on foreign visits.

### 38. Projects/schemes contributing to this component of the PFM Action Plan:

Scheme on “Improving the Budget Process through Capacity Development of BMCs and BWGs”: The SPFMS program has been extended to 2026 and total amount of the Scheme on “Improving the Budget Process through Capacity Development of BMCs and BWGs” is now of BDT 114.14 crore (US\$ 13.59 million) with a closing date of 30 June 2026(Revised). The program is being implemented by the Budget Wing 1 of the Finance Division under the WB co-financing in SPFMS.

### 39. Next steps:

- A workshop will be arranged soon with the selected 10 Ministries/Divisions to facilitate the Peer Review score card process
- A workshop will be conducted for high spending Ministries/Divisions to discuss the challenges of timely budget distribution and to finalize the policy brief with a time-bound strategy to achieve the target of FY 2023-24.
- Further improvements in iBAS++ budget execution modules will be made to enable monitoring of the timeliness of fund releases to DDOs/project directors and establish a monitoring mechanism.
- A diverse range of training sessions will be organized for LM and FD officials to ensure a comprehensive and varied learning experience.
- A meeting will be arranged with the Project Directors to make them informed and well aware about the projects fund-release procedures.
- Training programs on Gender and Climate Budgeting, involving data mining, analysis, and reporting, as well as meetings to plan a Citizens’ Budget, will begin shortly. Additionally, a seminar on knowledge sharing and awareness building for parliamentarians will also be initiated. Furthermore, an agreement with The Civil Service College, UK, for foreign training on Resources Allocation and Performance Budgeting will be finalized once government restrictions on foreign visits are lifted.

|  |           |
| Fatema Begum,<br>Program Executive & Coordinator (PEC)<br>SPFMS, Finance Division  | Ashek Md. Jogul Abedin<br>Implementation Support Consultant (ISC)<br>SPFMS, Finance Division |

**40. Objective:**

The Ministry of Planning (MoP) coordinates the approval of development project proposals through various tools of public investment management, such as the National Perspective Plan, Five- Year Plan (FYP), sector strategies, and appraisal of individual project proposals. Given competing pressures by interested stakeholders for each project proposal, it is not easy to prioritize and fully fund a few critical proposals in the Annual Development Program (ADP). Hence, Component 5 comes into play to improve the efficiency of development budget management and the quality of portfolio performance.

**41. Outputs:**

- Establishment of Public Investment Management Reform (PIM Reform) wing in the Programming Division of Bangladesh Planning Commission.
- Ministry Assessment Format (MAF) and Sector Appraisal Format (SAF) were developed and validated for two pilot sectors (Power and Energy; & Local Government and Rural Development) in 2018. The government issued a circular to use MAF, SAF, SSP and MYPIP in project formulation, assessment and appraisal and approval process of all investment projects for the above mentioned two pilot sectors. In 2023, the government issued another circular to use MAF and SAF for all sectors.
- MYPIP for PE & LGRD sector have been updated and MYPIP for health sector has been prepared.
- Ministry Assessment Format (MAF) and Sector Appraisal Format (SAF) have been revised aligning with the guidelines 2022 for formulation, processing, approval and revision of development projects in the public sector.
- The government issued Green Climate Resilient Development (GCRD) guideline on 13 February 2023.
- Demonstration of using Ministry Assessment Format (MAF) and Sector Appraisal Format (SAF) for project assessment and appraisal of new DPPs.
- Development of digitized (online) MAF and SAF system to support the use of MAF and SAF by Ministries/Divisions and Sector Divisions of Bangladesh Planning Commission.
- Programming Division has developed a database "ADP/RADP Management System (AMS)" under the

"Strengthening of Development Budget Management Capability of Programming Division through Establishing a New Digital Database System Project." Signing a MoU with the Finance Division the AMS has formally established interface/linkage with the data bases of Finance Division (iBAS++). After establishing the interface, finance division is receiving ADP/RADP allocation from AMS and Programming division is receiving cumulative expenditure from iBAS++. Recently Application Programming Interface (API) has been developed to integrate between PPS and AMS. The AMS will also establish interface/linkage with other existing data bases -such as IMED (e-PMIS-Electronic Project Management Information System) and ERD (FAMS- Foreign Aid Management System).

- Programming Division has developed the Multi-Year Public Investment Program (MYPIP) module in the AMS. Over the course of preparing RADP 2021-22, ADP / RADP 2022-23 and ADP/RADP 2023-24, all MDAs under Local Government and Rural Development (LGRD) and Power and Energy (PE) sectors used the MYPIP module in AMS to provide information on resource requirements for individual projects in the budgeting year and two outer years.
- Based on 7th Five Year Plan Sector Strategy Paper (SSP) for two pilot sectors were first prepared, approved and published in 2018. Based on the 8th Five Year Plan, Sector Strategy Paper (SSP) for the Local Government and Rural Development (LGRD) and Power and Energy (PE) sector, update version has been published and circulated. Sector Action Plan (SAP) for 3 sectors (Environment and Climate Change, Agriculture and Local Government and Rural Development) have been published and circulated.
- 17 sectors of the ADP have been re-classified to 15 sectors to align ADP with Five Year Plan and budget framework. A gazette has been published regarding the sector re-classification of ADP. Annual Development Program (ADP) for the fiscal year 2021-22 and onward have been prepared on the basis of newly reclassified 15 sectors. Programming Division has taken initiative in further delineating sector boundaries of ADP.
- Example Logical Framework for Investment Project has been published and circulated among stakeholders. It is available in the Planning Division website.
- PIM Reform Wing of Programming Division prepared draft Public Investment Management (PIM) Reform Program 2024-28. PIM Reform Program has been reviewed by the Programming Division. An internal validation meeting was held on 12 December 2023.
- PIM Guideline has been approved and circulated among stakeholders and it is available in the Planning Division website.
- Conducted training programs on MAF, SAF, CBA and LFA for concerned officers of all Ministry/Division and Sectors.
- Sector performance Analysis (SPA) for PE and LGRD sector have been developed.

#### 42. Challenges and mitigations:

There is an urgent need to upgrade and continue data management of ADP to improve efficiency of development budget management systems. To this end, the interface/linkages of ADP/RADP Management System (AMS) with the databases of Finance Division (iBAS++) has been formally established in FY2021-22. The next critical steps will be to extend interface/linkages with databases of Planning Division (PPS-Project, Processing, Appraisal and Management System), IMED (e-PMIS-Electronic Project Management Information System) and ERD (FAMS-Foreign Aid Management System). To ensure sustainability of the interfacing, training and capacity building for the officials of Planning Commission and Ministries/Divisions have been conducted. Also, training for concerned officials of all MDAs on AMS is continued.

The new 15-sector classification of ADP is very important to align ADP with Five Year Plan, budget framework and monitoring reports. To consolidate the new sector classification of ADP, the Programming Division is preparing the draft of Sector Boundary and will take necessary steps for its finalization.

#### 43. Projects/schemes contributing to this component:

- JICA-supported Strengthening Public Investment Management System Project (SPIMS):** Programming Division of Bangladesh Planning Commission has been implementing "Strengthening

Public Investment Management System Project (SPIMS)" for BDT 7146.93 Lac (\$ 8.5 million) since 2014 with a closing date of 30 June 2024. During the first four years, JICA provided technical cooperation to the PIM Reform Wing formed at the Programming Division. The SPIMS developed and validated a set of new PIM tools: (1) Ministry Assessment Format (MAF) and Sector Appraisal Format (SAF) to assess and appraise Development Project Proposal (DPP); and (2) Sector Strategy Paper (SSP) and Multi-Year Public Investment Program (MYPIP) to strengthen linkages between Five Year Plan, ADP and MTBF. In June 2018, the Government approved the PIM tools, and approved to establish the PIM Reform Wing at Programming Division, showing its high commitments to move PIM reform agenda forward. In addition, the use of the PIM tools is officially incorporated in the recently revised "Guidelines for Formulation, Processing, Approval and Revision of Development Projects in the Public Sector, 2022". Moreover, to continue and sustain improvement in the PIM system, PIM Reform wing will prepare "PIM Reform Program 2024-28" with support of SPIMS, and organize training for roll out MAF/SAF to all sectors (other than pilot sector), transfer PIM training programs developed by SPIMS to national training institutions for public officials.

#### 44. Next steps:

In FY2023-24, Activities 11, 12 and 13 under Component 5(PIM) will aim to achieve the following key outcomes in improving PIM: (1) enhancing interface/linkages of AMS with other data bases; (2) consolidating the use of the PIM tools (MAF/SAF/SSP/MYPIP) in all sectors; and (3) strengthening PIM Reform Wing to ensure continuation and sustainability of PIM reform.

- i. **Enhancing interface/linkages of AMS with other data bases:** To further increase efficiency in managing the ADP/RADP in annual budget cycle, the Programming Division will:
  - (i) Establish interface/linkages of the AMS system with the other data bases of (Planning Division PPS-Project, Processing, Appraisal and Management System), IMED (e-PMIS-Electronic Project Management Information System) and ERD (FAMS-Foreign Aid Management System).
  - (ii) Introduce unique project code in the ADP process.
  - (iii) Continue training activities for officials in all sectors to manage the AMS system, including its MYPIP module and its interface/linkages with the other data bases.
- ii. **Consolidating the use of the PIM tools in all sectors:** The Programming Division will undertake the following activities to consolidate the use of the PIM tools in all sectors:
  - (i) Support all sectors to use MAF and SAF through (a) demonstrating how to use MAF/SAF in actual assessment and appraisal process of new DPPs, (b) developing digitized (online) MAF/SAF system, (c) developing samples and models of Logical Framework Analysis (LFA) and Cost Benefit Analysis (CBA) for some sectors (d) developing web-based tutorial videos to support training program, and (e) providing training for officials on MAF/SAF.
  - (ii) Support all sectors to use SSP and MYPIP in the budget process through (a) providing technical support for MDAs to use SSP/MYPIP in actual annual budget cycle, (b) preparing Strategic ADP Guidelines to explain how to use SSP/MYPIP, (c) providing training for officials on SSP/MYPIP including the MYPIP module of AMS, and (d) delineating sector boundaries of ADP.
  - (iii) Organize training for roll out MAF/ SAF to all sectors.
- iii. **Strengthening PIM Reform Wing to ensure continuation and sustainability of PIM reform:** To achieve this outcome, the following activities will be undertaken in FY2023-24:
  - (i) Formulate PIM Guidelines and PIM Reform Program 2024-2028 to guide and manage PIM reform over the medium-term. The PIM Guidelines provides an overview of legal and regulatory framework for PIM, key PIM functions, and the roles and responsibilities of PIM stakeholders, while PIM Reform Program will lay out a roadmap to achieve future PIM system, including a set of key performance indicators to monitor the outcomes and progresses of PIM reform.
  - (ii) Transfer PIM training programs developed by SPIMS to training institutions of the Government to embed PIM training in the national training programs. To facilitate this process, Training of Trainers (ToT) will be conducted to enhance a pool of human resources for PIM.
  - (iii) Prepare a rollout strategy of the PIM tools to the other sectors (other than the pilot sectors).

**iv. Using PIM Tools to other sectors: For using PIM tools in other sectors, the following activities will be done:**

- (i) Extension of using Ministry Assessment Format (MAF) and Sector Appraisal Format (SAF) to other sectors/ministries.
- (ii) Revision of DPP hand book and training to ensure full compliance.
- (iii) Cost-Benefit Analysis modeling in project appraisal and selection.

**v. Guideline for Evaluation policy (guideline of IMED): Evaluation policy guideline.**

- (i) The Implementation Monitoring and Evaluation Division is the key Division of the government which monitors and evaluates the ongoing projects and completed projects of the entire country. Considering the importance of having an evaluation policy guideline of this Division, the evaluation policy guideline is being prepared.

**44. Objective:**

Annual Performance Agreement (APA), developed by the Government of Bangladesh, is a written commitment of works by a ministry/division, directorate, or field-level office for a specific financial year (FY). The purposes of introducing APA were to ensure transparency and accountability in government offices, to enhance organizational efficiency, and to focus more on achieving results rather than processes. APA was first introduced in 2014-15 FY in 48 ministries/divisions. Now, all Ministries/ Divisions, Directorates/Agencies, and most of the field level offices (MDA) have come under the APA system. At the Ministry/Division level, APA is signed between the Cabinet Secretary and the Senior Secretary/Secretary of the respective Ministry/Division. In other offices, APA is signed between the head of the subordinate office and head of the higher offices. From 2021-22 FY, work plans of five good governance tools of the government (NIS, GRS, Citizen's Charter, RTI, and E-governance & Innovation) have been integrated into the APA. Therefore, APA has become a tool to evaluate every type of performance activity of a government office. The Coordination and Reforms Unit (CRU) of the Cabinet Division oversees the implementation of APA.

The Cabinet Division is implementing Component 6 of the PFM Action Plan. The objective of component 6 of the PFM Action Plan is to improve the APAs of MDAs so that performance can be measured and evaluated properly.

#### **45. Outcomes:**

The expected outcome of Component 6 is to improve the government performance management system by enhancing the capacity of the ministries, divisions and agencies.

#### **46. Outputs:**

- Arranged APA signing ceremony of ministries/divisions with the presence of HPM on 19 July 2023. In this ceremony, top 10 best performing ministries/divisions were awarded as per APA implementation performance for the FY 2021-22. Besides this, NIS Award was announced for Senior Secretaries / Secretaries for FY 2022-23.
- Ensured best performing departments are also awarded by respective ministries/divisions.
- All APAs of FY 2023-24 were published in the respective government offices' websites.
- Published a book on overview of the performances of 52 Ministries/Divisions on July 2023.
- A research is proposed on performance status in government offices after APA implementation.
- Completed evaluation of APA 2022-23 of 52 ministries/divisions through nine consultation workshops and published the result.
- Revised APAs 2023-24 of ministries/divisions through five workshops on the basis of their correction proposals;
- APA preparation, correction, monitoring, evaluation modules and BI tools have been prepared in APAMS 3rd version;
- Arranged a briefing session for the officers of the Cabinet Division on Next Generation APA and collected opinions/views from ministries/divisions.
- Arranged a meeting of NCGP on 01 October 2023 and two meetings of TCGP on 11 September and 29 October 2023.
- Instructed ministries/divisions to ensure the uploading of APAs of their departments and field level offices in their respective websites;
- A guideline was published and distributed to the ministries and divisions on qualitative assessment of APA indicators.

#### **47. Challenges and mitigations:**

Lack of information about stakeholders' satisfaction on achieved performance is a challenge. To overcome this challenge, the quality of achieved performance need to be examined more rigorously. Intra/inter-ministerial coordination issues also require special attention. Lack of available online information on the sources to cross-check the achievement of the ministries/divisions is another challenge. To overcome this, ministries/divisions can upload their achievements on their respective websites. Close coordination between the Cabinet Division and the Finance Division on enhancing government performance will also contribute strengthening the connection between performance and public financial management.

Projects/schemes contributing to this component: No project/scheme under this component is running at this moment.

#### **48. Next steps:**

Explore funding options for the implementation of these activities.

**49. Objective:**

- To improve the comprehensiveness and timeliness of in-year budget out-turn reports that will enable decision-making by budget controlling offices.
- To strengthen better cash management and enhance fiscal discipline and transparency.

**50. Outcomes:**

- Informed decision making and achieve better budget execution rate.
- Reduce time in bill processing and increase share of electronic payment.
- Timely preparation of Financial Statements and submission for auditing.
- Improve cash management of the Govt. and reduce interest expenses.
- Reduce special accounts outside TSA and strengthen the TSA.
- Auto generated service statement and reduce time for pension approval.
- Make payment on G2P basis for social sector beneficiaries and increase beneficiaries' satisfaction.

**51. Outputs: (Cumulative)**

- IT security gap assessment has been completed and a road map to strengthen the IT security system has also been finalized.
- The Information Security Management System (ISMS) has been progressively integrated throughout iBAS++ operations. Concerning the ISO/IEC 27001:2013 standard, which encompasses a total of 114 controls, and all requirements have been implemented. One ISMS policy, 36 Procedures, forms and other relevant documents have been prepared, approved, and implemented. ISO certification audit (Stage-1 and Stage-2) through the ISO certification body has been accomplished.
- To strengthen the security of iBAS++ and avoid fiduciary risk, access provision in process in iBAS++ with distinct workflows has been developed. Workflows of access revocation and access right changes of the iBAS++ accounting module (CGA, CGDF part) is being developed.
- Business Continuity Planning (BCP) tests and Disaster Recovery (DR) drills conducted on regular

basis (last DR drills on 19-07-2023). Regular Vulnerability Assessment (VA), including internal and third-party assessments carried out (last VA conducted on 22/12/2023).

- Network segregation for robust perimeter security has been implemented. The usage of unlicensed software has been strictly prohibited. Software lists reviewed on regular basis to prevent potential risks and unwanted consequences.
- In Expenditure and payment module of the iBAS++ system, a functionality named 'DDO Other Bills' has been added through which the DDO will submit all supply-related bills online and the Accounts Office will process the submitted bills through the system. This system is currently operational in 124 offices.
- Integration between iBAS++ and different govt. systems is going on. Already integration has been accomplished with the NID, TIN, Bangladesh Bank, Sonali Bank, ADP Management System, e-GP, e-TDS, IVAS, PEMS and so on.
- Auto calculation of loan repayment and subsidy of House loan through Banking System have been incorporated in iBAS++ and implemented successfully.
- New sub-module has been developed for the entry of budget estimation entry by the field offices under the Budget Preparation module. Almost 4305 field offices including CGA, CGFDF, and Primary Education offices up to the district level are using this module for submitting their budget.
- Organogram sub-module has been developed in 2020 to get accurate information of government's organogram (approved manpower). Approved manpower information from 60% govt. offices and 95% Primary Schools has been collected and entered in the organogram sub-module.
- Service stage functionalities (PRL, Attachment, Deputation, Leave, Service extension, Suspension) of employee management have been incorporated in iBAS++.
- All historical data of GPF has been incorporated against every employee in iBAS++. However, other data (Loans and advances, Leave, Departmental proceedings, Audit objections) need to be captured.
- All functionalities related to the pay and allowances of the Defence officers and staffs have been incorporated in iBAS++. All defence officials are now getting their pay and allowances by EFT.
- iBAS++ module for SAEs has been introduced in SAEs- PWD, RHD, DPHE, Forest, Postal, Railway.
- Budget of Bangladesh Railway is being prepared by using new BACS. 117 DDO level offices have been preparing detail budget by using the budget preparation module of iBAS++ since FY 2022-23. Around 90% employees of BR are now getting their salary by EFT.
- iBAS++ modules have been rolled out in 31 Foreign Missions.
- To collect comprehensive and detail information of special bank accounts outside of TSA, a sub-module of iBAS++ has been developed. A time bound work plan has been implemented for collecting Bank Account information. By this time, the system received more than 1,16,644 bank accounts information from 41365 institutions.
- For better cash management and strengthening TSA, Personal Ledger (PL) Account system has been introduced in Autonomous Bodies including their projects in 2019. At present 129 ABs and 190 projects are using this system.
- Automated Challan (A-challan) system has been introduced to have real-time deposit of government revenue / fees in the government treasury and has been rolled out in 52 scheduled banks. API between 'A Chalan' and other systems like BRTA, Ministry of Land, e-Passport, Birth Registration, export-import, IVAS, e-return, e-TDS, Police clearance etc. have been established. Moreover, Electronic Fiscal Device Management System (EFDMS) has also been introduced to expedite retail VAT collection.
- In order to make more accurate, appropriate and quickest payment to tenderers/vendors, a secured and automated electronic link has been established between iBAS++ and e-GP System in 2023. 9 bills have been processed through e-GP and iBAS++ integration facility.
- Receipt and Expenditure of the Govt. reported in near real time by the automation of Debit/Credit scroll.
- Annual Budget execution report has been published in the Finance Division official website since FY 2018-19.

- Almost 59,749 government officials have been trained till date on different modules of iBAS++. Training of Trainers (ToT) has been provided on Accounting Module, Budget Preparation Module, Payment & Expenditure Module, Stock-take of Bank Account Sub-Module, and Information Security Management System among 1524 Participants. 101 workshops have been conducted on various topics with 4965 participants.
- The beneficiary allowances under various social safety net programs (old age allowance, widow allowance, honorarium of valiant freedom fighters, maternity allowance, all education stipend; allowances to the backward people) are being delivered directly to beneficiary bank or mobile account through G2P. In this regard, API between SPBMU and other MFS-bkash, Nagad and Rocket have been established. About 3.00 crore beneficiaries of 24 Social Safety Net Programs under the 8 Ministries/Divisions received social benefits through EFT. Implementation of Single Registry System (SRS) is underway to modernize the selection of beneficiaries under social safety net programs and to improve transparency and management in the selection system.
- A Local Government module is being developed to collect information on income and expenditure of the local government bodies. Initially, the module will be rolled out in the Union Parishad level.

## 52. Outputs: (July- December, 2023)

- Concerning the ISO/IEC 27001:2013 standard, which encompasses a total of 114 controls, and all requirements have been implemented. One ISMS policy, 36 procedures, forms and other relevant documents have been prepared, approved, and implemented. and other relevant documents.
- Disaster Recovery (DR) drills & Vulnerability Assessment (VA) have been successfully conducted respectively on 19-07-2023 & 22/12/2023.
- ISO certification audit (Stage-1 and Stage-2) through the ISO certification body has been completed.
- PL Account has been implemented at 30 ABs and 76 Projects.
- Almost 14375 government officials have been trained during this period. 4 Workshops have been conducted on various modules among 305 participants. Training of Trainers (ToT) has been provided on Accounting Module and Budget Preparation Module among 202 Participants.
- 6 bills have been processed through e-GP and iBAS++ integration facility.
- Approved manpower information from 5,029 govt. offices and 12,400 Primary Schools has been collected and entered in the organogram sub-module.
- About 22236 bank accounts information has been collected in the stock-take of Bank Accounts Sub-module from 115,423 institutions.
- Refund procedure of A-Challan system has been revised based on feedback from piloting.
- A Local Government module is being developed based on the functional requirements made.
- Integration has been initiated between iBAS++ system and Government Employees Management System (GEMS) for sharing car loan Information of the government employees in order to manage instalment payments, maintenance allowance and reporting.
- A draft FRS for overall Public Asset Register, asset classification for dead stocks and other assets under BACS, asset profiling for Motor Vehicles, dead stocks and all infrastructure assets. Final FRS for motor vehicles has been prepared to develop system and. Register has been designed as a dynamic one under the ibas++ system.

## 53. Challenges and mitigations:

The overall security environment of the iBAS++ application has been assessed by following international standards and good practices and several improvements have been agreed. The work is underway to make those improvements. The rollout of the Payment and Expenditure Module for submitting all kinds of bill including vendor bills is a challenge because of providing training and technical support to more than 30,000 officers (implying more than a hundred thousand users). A detailed stock takes of special Bank Accounts outside the TSA is also a challenging task. However, online training, video tutorial, automated support system utilizing artificial intelligence are in active consideration to mitigate the challenges. Time to time new

sub-activities is being undertaken and implemented to resolve the problems. Moreover, continuous stakeholders' consultation helps to minimize the gaps.

#### **54. Projects/schemes contributing to this component:**

The non-ADP scheme on "Improvement of Public Financial Services Delivery through Implementation of BACS and iBAS++" under SPFMS Program is contributing to this component. It was approved in October 2019. The scheme is implemented by the Finance Division.

#### **55. SPEMP BETF: Sub-task- Budgeting and IFMIS:**

Fund from SPEMP BETF supports the implementation, expansion and change management of iBAS++. A workshop was organized to discuss the PwC provided technical assistance to iBAS++ functional gap assessment (including payroll, pension and EFT) and implementation roadmap for a full-fledged IFMIS.

#### **56. Next Steps:**

- Initiate the process to obtain ISO 27001:2013 certification and circulate information accordingly. Prepare for the first surveillance audit for ISO 27001:2012 certification.
- Implement security solutions, including Privilege Access Management (PAM), Data Loss Prevention (DLP), and Web Application Firewall (WAF). Establish a Security Operations Center (SOC) and Network Operations Center (NOC).
- Ensure the practice of secure coding in developments; Implement an internet proxy for secure internet access.
- Improve and add functionalities in iBAS++ make it full-fledged IFMIS.
- Rollout of the Expenditure and Payment Module for online bill submission in all DDO offices.
- Digital signature will be introduced for risky transactions on a priority basis.
- Implementation of EFT in all bills other than pay bill.
- All historical data (Loans and advances, Leave, Departmental proceedings, Audit objections) will have been incorporated against every employee in iBAS++.
- Develop an agreed access provisioning, revoking and alteration procedure for all users of iBAS++ i.e., Budget user, accounting user, backend and administrative users and the users with privilege access right, and implement the system across the government.
- Enhancement the data exchange facilities with Bangladesh Bank's system to get the real time TSA data.
- A detailed stock-take of all bank accounts held by all MDAs, ABs and SOEs outside TSA will be completed. Completion of the stock-take of special accounts and Extra Budgetary Funds (EBFs) (including an assessment of the number and amounts held in these accounts and the rationale why these are needed to be kept outside the TSA).
- Completion of data entry of the information of human resources according to approved organograms of all the organizations under budgetary central government.
- Incorporate all services in ACS and full rollout of the same.
- On successful implementation of Local Govt. sub module in the Union Parishad, it will be rolled out in the remaining tiers of local government bodies. In the second phase, under this module Local Fund Deposit Account (a part of the Public Account of the Republic) that will be linked with the Treasury Single Account (TSA) will be created for each of the local government bodies to make payments through EFT from this account.
- Pilot Asset register with motor vehicles, then working with infrastructure and other assets gradually linking capital and maintenance budget preparation.
- Introduce commitment controls for cash management and strengthen Treasury Single Account (TSA).

**PEC & ISC**

|  |  |
|--|--|
|                       |                                    |
| Tanima Tasmin<br>Joint Secretary,<br>Program Executive & Coordinator (PEC),<br>SPFMS, Finance Division | Samsuddin Munna<br>Senior Assistant Secretary<br>Implementation Support Consultant (ISC),<br>SPFMS, Finance Division |

**Objective:**

The objective of this scheme is to-

- Ensure improved pension service (disaggregated by gender) through facilitation of payments through EFT no later than the pension payment cycle after retirement.
- To improve the comprehensiveness and timeliness of in-year budget out-turn reports that will enable decision-making by budget controlling offices and enhance transparency.

**58. Outcomes**

- Automation of Pension Management System to improve pension service.
- Automation of GPF Fund Management to improve service delivery.
- Submission of Annual Appropriation Accounts and Annual Financial Accounts on time in compliance with the International Accounting Standards.

**59. Outputs (Cumulative)**

- Central Pension Offices for Civil (CAFO-P&FM), Defense (CCDF-P&FM), Postal CAFO Postal), T&T (CAFO T&T) are operational.
- NID & e-PPO based 'Centralized Pensioner Database' created.
- Around 80% of Pensioners (Civil), 95% (1.82 lakh) of pensioners (CGDF), 15% of Postal and 50% of T&T pensioners are centralized.
- 100% of new pensioners (Civil, CGDF, Railway) are paid through EFT.
- Ensured pension payment on the 1st week of every month.
- Mobile app for pensioners' life verification is operational.
- Ensured system generated benefits calculation, bill entry process for pension services.
- Backlog reduced by 81% out of 744 pension cases in 2020.

- Grievance Redress System (GRS) introduced at 3 levels a) Dedicated Call Centre (960900055); b) Web based GRS- [www.cafopfm.gov.bd](http://www.cafopfm.gov.bd) c) Dedicated Front Desk at Pension & Fund Management Office to address all pension issues.
- Automation of GPF Management system for Civil, Postal and Forest Department are implemented.
- NID based comprehensive beneficiary database created for GPF Fund Management.
- Ensured digital GPF Account number for each employee.
- Developed online system for GPF account opening, Nominee selection and change, calculation of yearly interest and final payment. Besides, system generated sub ledger and account slip created in the system.
- International Public Sector Accounting Standards (IPSAS) compliant format for Finance Account introduced.
- Backlog from FY 2018-19 to FY 21-22 in producing Finance Account (following new classification) reduced.
- The Finance Account of FY 22-23 has been prepared and submitted within 6 months of the financial year end, complying with the International Accounting Standards.
- Financial Reports are being generated automatically from iBAS++.
- IPSAS Cash Compliant format for Appropriation Accounts (Civil and Defense) introduced. The format of the Appropriation Account (Bangladesh Post office and Bangladesh Railway) has been submitted to CAG for approval.
- GFS report backlog from FY 2016-17 to FY 2020-21 (5 years) has been submitted and accepted by IMF.
- 70 Officials have been prepared as IPSAS Certified.

## 60. Outputs (July 2023-December 2023)

### Pension

- API with NID Server has been developed to validate pensioners' thumb impression from NID server.
- Report has been developed to get the information of upcoming pensioners with their working place, scales, expected gratuity amount etc.
- Format & Content has been developed to produce Digital PPO & D-half.
- A system has been developed to capture nominee information against a pensioner.
- Design CAFO Postal as a Central Pension Office for the pensioners under Postal Department.
- Brought Postal Pensioners under EFT coverage.
- Redesigned the "Judges Pension Payment System" based on new pension order of Judges.
- "Highest ceiling of net Control Cap" based on pay scales inserted to control manipulation of monthly pension.
- A new life verification system has been developed for family pensioners who need non-marriage certificate.

### GPF

- System has been developed and functional for GPF automation of Forest Department and Postal Department Pension.
- Separate GPF Module introduced for CGDF and Railway.
- Online GPF Account Opening and Online GPF Nominee Information Change Request for CGDF and Railway developed.
- GPF Central Ledger for better fund management introduced.
- Pay Point wise GPF Central Ledger introduced which displays aggregated closing balances of all employees.
- GPF Central Ledger for CAFO, Pension and Fund Management introduced which displays aggregated Pay Point wise Closing balances.

### Year-end Fiscal Reporting

- Several discrepancies in transaction recording processes of iBAS++ system has been identified and shared with BACS Scheme for checking gaps in the system back end.
- Several new management & Monitoring reports developed for CGA & CAFOs.
- Clearance processes for advance/suspense and Remittance accounts reviewed and bottlenecks identified.
- Month-end and year-end procedures reviewed and suggested updates shared with the BACS team.
- Backlog from FY 2018-19 to FY 21-22 in producing Finance Account (following new classification) reduced.
- The Finance Account of FY 22-23 has been prepared and submitted within 6 months of the financial year end, complying with the International Accounting Standards.

### In-year Fiscal Reporting

- Appropriation Accounts (Civil) are available in the iBAS++ system in the new format for FY2018-19, FY 2019-20, and FY 2020-21.
- Monitoring reports to examine the accuracy and completeness of Appropriation Accounts are available in iBAS++ Accounting Module.
- IPSAS compliant format for Appropriation Accounts (Defense) has already been approved by OCAG and FY2018-19, FY 2019-20, and FY 2021-22 Appropriation Accounts are available in iBAS++ except notes.
- Reporting formats of Proforma Accounts for Postal Department, Bangladesh Railway and Defense are developed considering IPSAS requirements and shared with CAFO Posts, ADG Finance Railway and CGDF Accordingly in order to have their confirmation from their end.

### IPSAS

- Two IPSAS Orientation training courses has been organized.

### Account Code and COA Manual

- A draft Chart of Accounts (COA) Manual providing explanations of economic codes incorporating definitions, examples, exceptions, and legal references has been prepared to facilitate the proper recording of transactions and by this time this manual has been shared with iBAS++. Afterwards, iBAS++ has printed this manual.

### GFS & COFOG

- System Requirement Specifications (SRS) have already been deployed in iBAS++ and now, Quarterly and Annually GFS reports are being generated automatically from the reporting tab under accounting module of iBAS++.
- GFS Handbook including Revision Policy has been drafted.
- GFS report of FY 2022-23 and 1st two quarters of FY 2023-24 have been sent to IMF GFS advisor.
- Primary GFS Training Course for 40 officials has already been conducted from which 25 officials were selected for Intermediated GFS training course and they got certificate from SARTTAC, IMF. A group of 24 officials got training from IMF SARTTAC on GFS (COFOG).

## 61. Challenges and mitigations

- The physical presence of pensioners requires once a year for life verification. It was a bottleneck especially when the pensioner could not be present at the Accounts Offices due to illness, living far away/abroad, or other reasons. To mitigate the challenge of the physical presence of the pensioner, face recognition through a mobile application has been implemented.
- Maintaining accurate records of GPF contributions, balances and outstanding advances for all accounting circles became challenging due to different GPF payment modality in Defense and Railway Departments. To mitigate this challenge, some tailor-made functionalities for each circle have been

introduced in iBAS++.

- Providing end user new facilities to employee needs training for smooth use of iBAS++ menus. In order to mitigate this, dissemination training/workshop have been arranged.
- For GPF balance update, subscription entry is made for the months prior to DDO module enrolment in iBAS++. Correction for Erroneous entry of advance withdrawal for the months prior to DDO module enrolment in iBAS++ is time-consuming.
- Generation of Control ledger at Central (CAFO-P&FM) level takes too much time as closing balances of GPF are neither stored at an individual level nor Pay-point level. Closing balances are generated by calculating each individual opening balances, subscription/refund, withdrawal, and interest. Redesigning of database storing modality is required.
- ADG (Finance) Railway and CAFO (Postal) need to have ownership over accounting data for consolidation and correction of Appropriation Accounts (Railway & Postal).

## 62. Projects/schemes contributing to this component:

**a) Scheme on "Improving Pension Management System and Quality and Timeliness of Financial Reporting":** The non-ADP scheme on "Improving Pension Management System and Quality and Timeliness of Financial Reporting" under SPFMS Program is contributing to this component. The scheme is implemented by Finance Division, and Office of the Controller General of Accounts is working as PIT.

## 63. Next steps

- Establish Central Pension Payment Office for Railway and Postal Department.
- Centralize rest of the Civil & CGDF pensioners in respective central pension offices.
- Automation of pre-retirement phase (ELPC, Service Statement, Leave Accounts, NOCs etc.).
- Introduce e-PPO for the pensioners.
- Introduce Personal Ledger Account (Contractors' Deposit) and Personal Ledger Account (Land Acquisition).
- Develop Online Pensioner Tracking and Monitoring System (OPTMS).
- Prepare Business process to bring Postal pensioners under EFT Coverage.
- Develop Monthly reports for CGDF and ADG/Finance, Bangladesh Railway.
- Organize Workshop and finalization of GFS Handbook.
- Develop procedures for streamlining advance/ suspense accounts.
- Establish efficient month and year end accounts closing processes.
- Develop the business process to collect and reconcile data with ERD, Debt Management wing FD and Foreign Mission
- Develop Procedural Handbook for AFS.
- Rationalization of Monitoring and Management reports of CGDF and ADG (Finance) Railway.
- Develop sub-ledgers for assets and liabilities.
- Update existing Account code for BCG.
- Training and Workshop on newly approved Appropriation and Finance Accounts.
- Develop Draft Business Process for contingent Proforma Accounts of BR, CGDF and Post office.
- Develop a format for disclosing guarantee liabilities in the notes of FS.

**C-9 State Owned Enterprises' Governance**

**PEC & ISC**

|  |   |
|--|---|
|                        |                                      |
| Md. Talul Islam<br>Deputy Secretary,<br>Program Executive & Coordinator (PEC)<br>SPFMS, Finance Division | Mohammad Moniruzzaman Bhuiyan<br>Deputy Secretary<br>Implementation Support Consultant (ISC)<br>SPFMS, Finance Division |

**Objective:**

State-Owned Enterprises (SOEs) are important actors in influencing the trajectory of a nation's economic progress. The significance of state-owned enterprises (SOEs) lies in their substantial contribution to several economic indicators such as gross domestic product (GDP), value addition, employment generation, and income generation. State-owned enterprises (SOEs) make significant contributions to various key sectors, including power, gas, water, industry, transport and communication, shipping, construction, and real estate, among others. The primary goals of the scheme are to enhance the comprehension of appropriate authority regarding the debt and contingent liabilities of State-Owned Enterprises, with the aim of promoting transparency, effective management, and rigorous supervision of these entities. Additionally, the scheme seeks to bolster the oversight and performance monitoring of SOEs, ultimately leading to improvements in their operational efficiency, financial reporting, and public disclosure practices.

**65. Outcome:**

- State-owned enterprises (SOEs) and Autonomous Bodies (ABs) have begun disclosing their debt and contingent liabilities (DCL) in accordance with a procedure that was released along with accompanying reporting templates.
- The Independent Performance Evaluation Guidelines (IPEG) pertaining to SOEs/ABs have been released, and the Evaluation Research Team (ERT) and Independent Performance Evaluation Committee (IPEC) have been established. In accordance with this guideline, the performance of SOEs and ABs is being evaluated.
- In an effort to be more transparent, State-owned enterprises (SOEs) and Autonomous Bodies (ABs) have begun posting their Audited Financial Statements (AFS) on the Finance Division (FD) website as well as on their own websites.

**66. Outputs:**

- The audited financial statements (AFS) for the fiscal year 2021-22 have been prepared and made available on the websites of both the Finance Division and the respective State-Owned

## Enterprises/Autonomous Bodies (SOEs/ABs).

- In April 2023, two Trainings of Trainers (TOT) on DCL procedure were conducted focusing on the subject matter of Debt and Contingent liabilities of State-Owned Enterprises (SOE) and Autonomous Bodies (ABs).
- A comprehensive twelve (12) theoretical trainings were conducted between February and July 2023 on the subject of "filling-up the forms of the Procedure to Regulate the Debt and Contingent Liabilities (DCL) of SOEs & ABs."
- In August 2023, seven (7) hands-on training sessions focused on "filling-up the forms of the Procedure to Regulate the Debt and Contingent Liabilities (DCL) of SOEs & ABs."
- In September and October of 2023, ten (10) workshops on "Feedback of Debt and Contingent Liabilities (DCL) Statement from SOEs & ABs" were conducted.
- The fiscal risk assessment of 50 State Owned Enterprises (SOEs) and Autonomous Bodies (ABs) has been conducted by October 2023.
- The Independent Performance Evaluation of 10 State-owned Enterprise and Autonomous Bodies has been conducted in accordance with the Independent Performance Evaluation Guidelines (IPEG). Through analyzing financial data of 55 SOEs/ABs, 10 more SOEs/ABs have been selected for IPE with the data of 2022-23.
- An inception report regarding the Policy and Procedure Manual for Property, Plant, Equipment, and Other Assets of the State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs) has been prepared by December 2023. A roadmap is now being followed to complete the manual as intended.
- The officials from the Monitoring Cell of FD and the relevant consultant of the Strengthening SOE Governance Scheme conducted a physical inspection of the Rubber Garden and factory of Bangladesh Forest Development Industries (BFIDC) in order to develop a Performance Improvement Strategy (PIS). The PIS for the BFIDC has been formulated, and subsequent to its completion, two meetings were convened to discuss the draft report.
- Two workshops were conducted on the PIS of the BFIDC with the participation of officials from the FD, the relevant line ministries, and BFIDC. Feedback was obtained from stakeholders.
- A report on the underperforming SOE's Performance Improvement Strategy (PIS) has been completed and is awaiting final clearance from the competent authority.
- A total of 178 participants from line ministries, state-Owned Enterprises (SOEs), autonomous bodies (ABs), and the Finance Division, were in attendance during these aforesaid programmes.
- A workshop was conducted to discuss the pilot report on Debt and Contingent Liabilities (DCL), as well as the fiscal risk analysis of 10 State-Owned Enterprises (SOEs) and Autonomous-bodies (ABs).
- The process of inputting DCL data in the SOE database system for a total of 11 State-Owned Enterprises (SOEs) has been successfully concluded within this span of six months (January -June, 2023).
- In January 2023, a series of four training sessions were conducted on the topics of 'Budget Preparation and Database Development in line with iBAS++'. The trainings were attended by officials from State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs), as well as the Finance Division. A total of 126 participants from the aforesaid organizations were in attendance during the aforementioned training programmes.
- Two training sessions were held in April and June 2023 for capacity building of the officials of the Finance Division. The first training focused on strengthening the management of State-Owned Enterprises (SOEs), while the second training focused on financial management. These sessions were attended by officials from the State-Owned Enterprises (SOE) wing and the Monitoring Cell of the Finance Division. A combined total of 50 individuals, comprising 26 participants in one training program and 24 participants in another, were present during the aforementioned training sessions.
- In January 2023, a workshop over two days was organized to deliberate on the restructuring of the governance framework for State-Owned Enterprises (SOEs). A total of 23 individuals were present.
- A meeting was held on April 04, 2023, with the iBAS++ team to figure out a State-Owned Enterprises (SOE) database that aligns with the iBAS++ and BACS frameworks.

- Five modules have been identified for the SOE database system. A preliminary structure has been developed for the design of the budget module and DCL module of the mentioned system. The collection of both financial and non-financial data with a view to developing the DCL module has concluded.
- The budget data of the BRTC and the CAAB for the fiscal year 2023-24 has been inputted into the newly developed budget module of SOE database system for the purpose of conducting a pilot study. The feedback was obtained from the officials of BRTC and CAAB.
- The design of the workflow for the DCL and IPE module have been finalized. The development of the IPE module is now underway.
- A preliminary report on the legal framework of State-Owned Enterprises (SOEs) in Bangladesh has been prepared and presented before the officials of the Finance Division.

#### **67. Projects/schemes contributing to this component:**

On December 23, 2020, the Government of Bangladesh (GOB) approved the implementation of a non-Annual Development Programme (ADP) scheme called "Strengthening of State-owned Enterprises' Governance." The scheme had been allocated a budget of BDT 13,356 Lac (equivalent to US\$ 15.90 million) and was scheduled to be completed by 30th June 2023. As a consequence of the Covid-19 pandemic, the execution of all program activities was rendered unfeasible. Subsequently, the extension of the restructured scheme has been granted until June 30, 2026. As of June 30, 2022, the total spending of this scheme amounts to BDT 718.65 lac (equivalent to US\$0.855 million). The budget for the scheme has been revised as a result of restructuring, resulting in a total sum of BDT 76.30 crore, equivalent to \$9.08 million.

The implementation of the scheme is being carried out by the State-Owned Enterprises (SOE) wing and Monitoring cell of the Finance Division, as part of the World Bank co-financed program known as the Strengthening Public Financial Management to enable Service Delivery (SPFMS) program. The scheme encompasses a collective sum of eight Disbursement Linked Results (DLRs) under Disbursement Linked Indicators 6 & 7 (DLI-6 and DLI-7) framework. Among the eight DLRs, three DLRs (DLR 6.1, DLR 6.2, and DLR-7.1) have been successfully attained. Fifty (50) State Owned Enterprises (SOEs) and Autonomous Bodies (ABs) have had their DCL statements and fiscal risk assessments completed in order to pursue DLR 6.3. Ten (10) SOEs have also undertaken independent performance evaluations in order to achieve DLR 7.3.

#### **SPEMP BETF:**

A tentative indicative ceiling of \$240,000 (two hundred forty thousand) USD has been recommended by the World Bank for the SOE Scheme. The ceiling identifies four areas of interventions, including contingent liability training, fiscal risk management of state-owned enterprises (SOEs), training on the operational and technical management of SOEs' database systems in South Korea, ongoing activities, asset management and reporting of SOEs, and consultation with SOE stakeholders in order to prepare a road map.

#### **68. Challenges and Mitigation:**

- The collection of both financial and non-financial quality data from State-Owned Enterprises (SOE) and Autonomous Bodies (ABs) poses a significant difficulty. Nevertheless, the difficulty can be alleviated through the process of sensitization and raising awareness.
- The development of an appropriate Functional Requirement Specification (FRS) for the various modules that have been identified in the proposed State-Owned Enterprises (SOE) database system, as well as the integration process with the existing central government BACS and iBAS++ systems, presents a notable challenge.
- A training program is planned to tackle the aforementioned difficulty by offering guidance to officials of State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs), together with other pertinent stakeholders.

#### **69. Next Steps:**

- The task at hand involves the updating of the all-encompassing inventory of State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs), as well as the classification of these entities into respective SOE and AB categories.
- The ongoing process of preparing and posting Audited Financial Statements on the websites of

State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs), as well as the Finance Division, shall be sustained.

- Updating the procedure for regulating debt and contingent liabilities of State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs), which includes the revision of reporting templates. Likewise, it is imperative to undertake measures aimed at revising the Independent Performance Evaluation Guidelines (IPEG).
- A database will be developed to encompass State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs) in line with the iBAS++ framework.
- Preparation of the Functional Requirements Specification (FRS) with prioritizing API with the central government system will be focused.
- The Independent Performance Evaluation (IPE) for ten State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs) will be conducted, along with the implementation of a reward system to incentivize higher performance among these entities.
- A policy, procedure manual for property, plant and equipment and other assets to be prepared in comprise with accounting standard for SOEs/ ABs.
- The implementation of a Performance Improvement Strategy (PIS) will be proposed for State-Owned Enterprises (SOEs) and Autonomous Bodies (ABs) that are experiencing under-performance, such as the BFIDC and BSCIC.
- A training Strategy for capacity building of SOEs/ABs officials and Finance divisions officers especially for the officials of Monitoring cell and SOE wing is intended to prepared for performance oversight and capacity.

**Objective:**

Internal Audit in the public sector refers to the independent and objective assurance of the operations, programs, and functions of government entities at all levels. The goal of internal audit is to provide assurance and add value to the organization by identifying risks and recommending improvements to enhance the effectiveness and efficiency of operations. In the public sector, internal audit plays a critical role in promoting accountability, transparency and good governance. Internal auditors work closely with government officials to assess and evaluate the effectiveness of internal controls, risk management processes, and compliance with laws and regulations. Internal Audit Scheme was initially planned to start in 2019 but due to some differences of opinion regarding implementation rotation either in the Ministries or in the departments. But it was delayed as the Covid pandemic situation has affected the progress of this scheme. It's been a challenge in Bangladesh to introduce Internal Audit in public sector. It can be mentioned that in 2009, Public Money and Budget Management Act was enacted which states that one of the duties and responsibilities of the Principal Accounting Officer (PAO) shall be "To ensure efficient and transparent financial management and internal control processes at the relevant Ministry or Division or other government Institution". Internal audit will assume responsibility for periodically evaluating internal control operations to identify weaknesses and recommend corrective measures. The general mandate for the establishment of the internal audit was communicated through more specific instructions from the Finance Division's memo No. MF\FD\B-1\budget (04) \2005\1803 dated 22\08\05. However, a formal internal audit function has not been established. Only a few Ministries have an IA function, and these are not adequately staffed with qualified auditors. Even the 2015 PEFA report identified weaknesses within the IA function. The weaknesses include the non-existence of systematic audit plans and audits are primarily post reviews on a compliance basis and not on a risk basis. Efforts have been made to establish IA Units in the Ministries and departments. Finally, under the SPFMS program Finance Division has agreed to include IA functions in the public sector as part of the PFM reform because internal auditing primarily provides an independent objective opinion to the Head of the Department/ Government Office.

The overall objective of the scheme is as follows: To establish a modern internal audit function in selected large spending and high-risk prone departments as part of internal controls using risk-based audit methods concentrating on systemic issues and providing independent and objective advice to management, and to establish a system for carrying out annual procurement post reviews and follow up of actions recommended for improving procurement and contract management.

**71. Outputs:**

The following is the list of activities performed during July 2023 to December 2023:

**a) Workshop on the Draft Post Procurement Review Findings for FY 2022-23 (10 August 2023):**

Workshop on Post Procurement Review is an important ongoing task for Scheme on Internal Audit and Audit Follow-up which is a part of Strengthening Public Financial Management Program to Enable Service Delivery (SPFMS) program. The aforementioned workshop was conducted on August 10, 2023, at the Conference room of SPFMS program. Mr. Shirajun Noor Chowdhury, Additional Secretary (Budget-1), Finance Division and National Program Director (NPD) of SPFMS Program presided over the workshop while Mr. Kabirul Ezdani Khan, Additional Secretary (Budget & Expenditure Management), Finance Division, Ministry of Finance enlightened the program as the Chief Guest. The attendees of the workshop included Program Executive and Coordinators (PECs) and consultants who are involved in the procurement process under various Schemes of SPFMS Program. During the workshop, Senior Consultant (Procurement Specialist) of IA Scheme, presented the Draft Post Procurement Report for FY 2022-23 of SPFMS Program. Following the presentations, the participants were engaged in an open discussion and provided feedback on their respective components.

**b) Attachment of the Sr. Consultants at the concerned Departments (14-30 August 2023):**

A thorough and systematic risk assessment process is crucial to identify and to prioritize risks of the departments. This can help the internal audit team to develop a targeted audit plan and to provide assurance to the management that the risks are being adequately mitigated. In this regard, Sr. Consultants of IA Scheme were attached with LGED office from 14, 16 & 17 August, 2023; PWD office from 21-23 August 2023, DGHS office from 28-30 August 2023 respectively. The primary objective of this attachment was to identify the possible risk associated with service delivery, internal control and identification of Risk Register. Earlier, the

Senior Consultants were assigned to DPE and RHD from April 11-13, 2023, and they presented the assessment report on August 24, 2024.

**c) Seminar on Internal Audit Charter & Risk-Based Audit Manual and Launching the Book: Discussion on Execution in Five Concerned Departments (17 September 2023):**

A seminar and an Unwrapping Ceremony of the Internal Audit Charter and Risk-Based Audit Manual took place at the Conference Room of the Finance Division. The esteemed Chief Guest for the event was Mr. Md. Nurul Islam, Comptroller and Auditor General of Bangladesh and Dr. Md. Khairuzzaman Mozumder, Secretary of the Finance Division, presided over the event as the Chair. Special guests were Mr. Kazi Wasi Uddin, Secretary, Ministry of Housing & Public Works; Mr. Farid Ahmed, Secretary, Ministry of Primary and Mass Education; Mr. Muhammad Ibrahim, Secretary, Local Government Division, Ministry of Local Government, Rural Development and Cooperatives; Dr. Md. Anwar Hossain Howlader, Senior Secretary, Health Services Division, Ministry of Health and Family Welfare; and Mr. A B M Amin Ullah Nuri, Secretary, Road Transport and Highways Division. Representatives from the World Bank, alongside relevant officials from various Ministries, Departments, and Agencies (MDAs), actively participated in this seminar.

Mr. Kabirul Ezdani Khan, Additional Secretary of the Finance Division and Head of PIT of IA Scheme, delivered a Keynote Presentation during the seminar. The presentation covered the objectives, goals, achievements, challenges, and the future direction of the Internal Audit Scheme. After this Unwrapping ceremony printed version of the Charter and RBA Manual have been distributed to the respective Departments and to their controlling ministries/divisions.

Mr. Kabirul Ezdani Khan, Additional Secretary of the Finance Division and Head of PIT of IA Scheme, delivered a Keynote Presentation during the seminar. The presentation covered the objectives, goals, achievements, challenges, and the future direction of the Internal Audit Scheme. After this Unwrapping ceremony printed version of the Charter and RBA Manual have been distributed to the respective Departments and to their controlling ministries/divisions.

**d) Distribution of Internal Audit Charter and Risk Based Audit Manual (both English & Bangla Version):**

Printed version of the IA Charter and RBA Manual (both English and Bangla Version) was distributed to the respective Ministries and Departments on September, 2023. Additionally, a set of internal audit leaflets (6 pages) and stickers were included in the distribution.

**e) Meet & View-exchange meeting with the Departments (18 October- 30 October):**

Meet & View-exchange meetings were arranged with the respective Departments from 18 to 30 October, 2023. A three members team comprising of PIT member, PEC and Sr. Consultant (IA) conducted these view-exchange meetings with the respective officials of Directorate of Primary Education (DPE, visited on 18 Oct, 2023), Roads and Highways Department (RHD, visited on 23 Oct, 2023), Local Government Engineering Department (LGED, visited on 22 Oct, 2023), Public Works Department (PWD, visited on 29 Oct, 2023), and Directorate General of Health Services (DGHS, visited on 31 Oct, 2023). The primary purpose of these Meets & View-exchange meetings were to discuss to form the IAU, IAC and also to ensure office accommodations for technical personnel at DPE. To conduct follow-up activities, the team revisited LGED on December 24, 2023; RHD and DPE on December 26, 2023.

**f) Workshop on the Post Procurement Review Report (FY 2022-23) (23 November 2023):**

A Workshop on Post Procurement Review of SPFMS program was conducted on November 23, 2023, at the Conference room of SPFMS program. Mr. Shirajun Noor Chowdhury, Additional Secretary (Budget-1), Finance Division and National Program Director (NPD) of SPFMS Program was the chief guest in the workshop while Mr. Kabirul Ezdani Khan, Additional Secretary (Executive Chairman, National Pension Authority), Finance Division was the special Guest. The workshop was chaired by Ms. Bilquis Jahan Rimi, Additional Secretary (Expenditure Management), Finance Division and Head of PIT, IA Scheme. The

attendees of the workshop included Program Executive and Coordinators (PECs) and consultants who are involved in the procurement process under various Schemes of SPFMS Program.

During the workshop, Mr. Md. Nasir Uddin, the Senior Consultant (Procurement Specialist) of IA Scheme, presented the Post Procurement Review of FY 2022-2023 of SPFMS program. Mr. Md. Rafiqul Islam (Joint Secretary), Program Executive & Coordinator (PEC), conducted the workshop, moderated the discussion sessions and later presented procurement compliance with the relevant Rules and Act. He stated the importance and relevance of Post Procurement Review and its objectives with the outcomeries. He also draws the attention to the booklet on procurement process checklist and process flow of methods for the help of scheme personnel. Following the presentations, the participants were engaged in an open discussion and provided feedback and evidences on their respective components scheme by scheme.

#### **g) Workshop on Updating Delegation of Financial Power (30 November 2023):**

A workshop was organized in Finance Division on "Updating the Delegation of Financial Power" and it was facilitated by the Internal Audit and Audit Follow-up Scheme. Chief Guest of this workshop was Ms. Rehana Perven, Additional Secretary, Finance Division. Ms. Sulekha Rani Basu, Additional Secretary, Finance Division.

Mr. Mohammad Saiful Islam, Additional Secretary, Finance Division were present as Special Guests. Mr. Sirajun Noor Chowdhury, Additional Secretary, Finance Division and National Program Director (NPD) of SPFMS Program presided over the workshop.

Mr. Md. Rafiqul Islam, Joint Secretary and Program Executive & Coordinator (PEC) of IA Scheme conducted the workshop and moderated the discussion sessions. At the beginning of the workshop Ms. Bilquis Jahan Rimi, Additional Secretary, Expenditure Management Wing and Head of PIT delivered a PowerPoint Presentation on "Delegation and Sub delegation of Financial Power". During her presentation she discussed various important aspect such as Instructions on Delegation of Financial Powers, Provision of Financial Powers in respect of Government Expenditure, Single budget system (for programme) etc. She also emphasized the limitations of existing financial empowerment and underscored the reasons for the necessity of updates. Following the keynote presentation, all participants were grouped into five teams, each assigned specific sections from the current "Delegation of Financial Power" for their suggestion and feedback on various important aspects.

**h) 7 days long Capacity Development Training (1st Batch, 15 Participants) on Internal Audit and Procurement for the officials from different wings of FD (19-21, 28-30 Dec 2023 and 1 January 2024):**

A seven days Long Training cum Workshop on Internal Audit, Public Procurement Rules & Database Management – MS Excel was organized for the officers & staffs of Expenditure Management (EMW) & other concerned Wings of Finance Division. This training cum workshop was presided over by Mr. Sirajun Noor Chowdhury, Additional Secretary, Finance Division and National Program Director (NPD) of SPFMS Program. Mr. Md. Rafiqul Islam, Joint Secretary and Program Executive & Coordinator (PEC) of IA Scheme coordinated the training program. In the capacity development training, various important subjects were covered, including Internal Audit, Database Management, Public Procurement Process, and Post-Procurement Review (PPR). Upon finishing the training, all participants received a Training Completion Certificate.

**i) Procuring and onboarding of Internal Audit Consultants and IA Firm (Co-sourcing):**

For the purpose of IA Execution, the Procuring of IA Consultancy Firm and individual IA Consultants were invited through an advertisement posted on the different five websites. Furthermore, the advertisement was featured in leading daily newspapers on 17 August 2023. Subsequently, a Pre-proposal Meeting for the Internal Audit Consultancy Firm (Co-Sourcing and Time-Based) took place on August 24, 2023, at the SPFMS Program office.

Following the screening and interview procedures, financial negotiations was conducted on November 22, 2023. The offer letters were dispatched to the selected consultants and IA Firm on December 21, 2023. It is anticipated that the Consultants will be onboarded by January 1, 2024, while the IA Firm is scheduled to be onboarded on January 21, 2024.

**j) Procurement Post Review (FY 2022-23) of SPFMS Program:**

Under DLR 9.2 of the scheme document, the Finance Division is required to establish a system for an annual procurement plan (APP) and post procurement review and conduct training in this regard. In accordance with this, the Sr. Consultant (Procurement Specialist) has prepared Post Procurement Review for schemes within the SPFMS program, covering FY 2019-20, FY 2020-21 and FY 2021-22. These reports will be submitted to the Central Procurement Technical Unit (CPTU) along with recommendations to enhance procurement and contract management.

The Sr. Consultant (procurement specialist) has already started the Post Procurement Review of SPFMS program for FY 2022-23 and the draft report was shared with the respective officials through a day-long workshop held on 10 August and 30 November 2023. To further facilitate this process, a series of capacity development workshops on Post Procurement Review will be organized in the future, involving relevant PECs and Consultants.

**k) Other Activities:**

DLR 9.1 and DLR 9.2 have been fully achieved and USD 2 million have been disbursed during this tenure. Also, a good number of training and workshops on Internal Audit have been organized to sensitize and develop capacity of the officials of the Finance Division, five large spending departments and their controlling ministries. More seminars/workshops/trainings have been planned to be conducted in the days to come. It has also been planned that a module on Internal Audit would be introduced in the flagship training program (i.e., FEEM) of the Finance Division. Arrangement, formation & liaison to establish IAU and IAC in the respective Departments as per the Charter and Manual is going on.

**72. Projects/schemes contributing to this component:****a. Scheme on Internal Audit and Audit Follow-up:**

The cost for this Scheme on Internal Audit and Audit follow-up is estimated at US\$ 4.94 million. The expenditure is adequately planned to achieve the scheme's objective. Professional services and training together represent 74.68% of the scheme cost estimate which reflects the substance of the reform activities especially establishing a modern internal audit function in the government towards establishing a well-functioning Internal Audit arrangement in Ministries/ divisions/ Agencies.

**73. Next steps:**

- Training, Seminar and Workshop for concerned IAU officials/ Stakeholders, on IA Charter & RBA Manual for capacity building.
- Provide Logistic and Technical Support to Internal Audit Unit (IAU) of 5 Departments & FD.
- Arrange in house hands-on Comprehensive Training for Capacity Building on IA Execution to IAU of the Departments.
- Seminar on RBIA Execution Process & Procedure for combined Stake-holders at the concerned MDAs.
- Arrange Seminar for respective PAOs & Head of the Departments.
- Execution of IA considering the audit universe of 2 departments (RHD, DPE) at the first stage and 3 others (LGED, PWD, DGHS) later.
- Prepare the IA Execution reports of 2 indicative departments (RHD, DPE) to achieve DLR 9.3.
- Prepare the IA Execution reports for remaining 3 departments (LGED, PWD, DGHS).
- Form IAC at the M/D level to achieve DLR 9.4.

**Objective:**

Constitutional framework is mandated with the onerous responsibility of ensuring through an audit, a sound public financial management system in our country. As an important aspect of the PFM cycle to make the budget-holders accountable for the use of public funds and strengthen citizen engagement the Supreme Audit Institution (SAI) of Bangladesh is responsible for auditing government receipts and public spending and ascertaining whether expenditures have yielded value for money in government offices, public bodies and statutory organizations. Appointed by the President of the Republic, the Comptroller and Auditor General (CAG) is the head of the Supreme Audit Institution. CAG has the mandate to determine the scope and extent of the audit of all government accounts, public enterprises, statutory public authorities, and local bodies as well as financial statements. The institution of CAG and its officers have been proven to be useful partners in the financial management of the country. They lend credibility to the public sector's financial operations by remaining a watchdog. They fuse together the global practices and the local realities. In an aspirational country like ours, audit plays a very important role in ensuring that the government expenditure achieves value for money and the receipts are assessed, collected, and accounted for correctly. For smooth operation of statutory auditing, and to improve the timeliness of the audit report component 11 focuses on strengthening the audit capacity of the office of the CAG to carry out risk-based audits by adopting international standards and best practices align with the county perspective by using the benefit of information technology. Mandated by The Constitution of the People's Republic of Bangladesh, the office of the Comptroller and Auditor General (OCAG) promotes Good Governance, Accountability and Transparency by providing high quality audit reports on the Public Accounts of the Republic and of all courts of law and all authorities and officers of the Government. As the CAG, in the exercise of these functions is not subjected to the direction or control of any other person or authority, it develops confidence amongst public at large and provides independent assurance to the stakeholders viz., the Parliament, the Executive and others that public funds are being used efficiently and for the intended purposes.

**75. Outcomes:**

- CAG Approved and issued the Strategic plan 2021-25 for OCAG under the consultation of IDI (INTOSAI Development Initiatives) and the Operational plan for the year 2023-24 of OCAG is work in progress.
- CAG's issued governance framework comprises both, legal framework and operational framework. While the legal framework consists of CAG's mandate and the statutory principles which are binding for the auditor and the auditee, the operational framework engulfs all auditing standards, instructions/guidance issued with an operational focus in a hierarchical order. Under the leadership of CAG himself has been working to update the existing legal framework to align with the latest international standard, worldwide best practices, and country perspectives. OCAG already promulgated Government Auditing standards of Bangladesh, Code of Ethics, Quality Control system in OCAG, Compliance Audit Guidelines, Performance Audit Guidelines and Financial Audit Guidelines. Each Audit Directorate under OCAG has already issued their Office Procedure Manuals. Practice Notes, Handbook etc. are under the process of updating. Furthermore, the updating of Account Code Volume 1 to 4 in line with recent reform and status is under consideration of CAG as a constitution-provided sole mandate.
- To enhance the capability to audit in the IT Systems and to cope with the modern digitalized financial management the full functioning AMMS software is inevitable. OCAG decided to develop AMMS 2.0 the updated version of previous AMMS and FRS, TDD and ToR prepared with the help of WB administer TAs appointed consultants. After finalizing all required bidding documents OCAG contracted a reputed Bangladeshi software firm to develop AMMS 2.0. A dedicated team of OCAG is working closely with the firm to develop fully functioning AMMS 2.0 for the smooth operation of auditing and proper monitoring. This system will create an interface to Parliament (PAC) and all responsible parties (auditee's organizations) so that all communication can be done through AMMS 2.0 to avoid the clumsy process of settling audit observation and sound PFM. Finally, AMMS 2.0 is developed and inaugurated in 23 November of 2022 by CAG. Now all 17 audit directorates are using AMMS 2.0 in all stages of Audit. At present, each audit directorate is providing training on AMMS 2.0 to the Responsible Party.

**76. Outputs:**

- Appropriation Accounts Format relating to Postal has been issued on 17th July 2023.
- Office Procedure Manuals of 17 (Seventeen) Audit Directorates has already been developed and it will be launched on February 2024.
- OCAG has also issued their Training Policy called "OCAG Training Policy 2023" on 5th July 2023.
- Two Model Financial Audits (Financial Reporting Council and Microcredit Regulatory Authority) were completed by the OCAG with the assistance of the EU TA Team. Moreover, A Model Financial Audit Team has already been formed by the OCAG to carry out Financial Audit on the Finance Accounts FY 2021-2022 of the Budgetary Central Government (BCG). The Audit Team has already completed the audit plan. Currently they are on the conducting phase and expected to complete the report by March 2024 subject to data availability.
- Three (03) Model Compliance Audits (Educational Technical Board, Bangladesh National Social Welfare Council and Office of the Executive Engineer, Gazipur Division) were completed by the OCAG with the assistance of the TA Team.
- Twenty-Five (25) officials at different levels have already been given 10-day training on IT Audit at FIMA with the assistance of the EU TA Team. Moreover, three (03) Model Audit Teams have already been constituted by the OCAG to conduct 03 (three) Model IT Audits. The teams are currently working for preparing the Audit Plan.
- Fifty (50) officials at different levels have already been given 5-day training on Performance Audit at FIMA with the assistance of the EU TA Team. In addition, three (03) Model Audit Teams have already been constituted by the OCAG to conduct 03 (three) Model Performance Audits. The teams are currently working for preparing the audit plan.
- All Audit related work (Audit Plan, Audit Execution, Audit Report and Follow-up) of the OCAG and its 17 Audit Directorates are being conducted through AMMS 2.0. Moreover, Responsible Party (RP) i.e. Auditee Organizations are able respond to their audit observations through the RP module of AMMS 2.0. At present, each audit directorate is providing training on AMMS 2.0 to the Responsible Party.
- As part of the professional course supported by the European Union, the OCAG nominated 75 officials for the CIPFA Certificate Course of which 62 officials qualified successfully.
- The OCAG has already nominated 48 Officials for CISA where the classes of the first shift out of the two shifts have been completed.
- A team of 15 Senior Officials has already completed a tailor-made Leadership Training Program at Maastricht University in Netherlands to implement within their scope of management the reform of the public financial management on one hand and to effectively manage the new generation of auditors on the other.
- A task team has already been formed at the OCAG level for reviewing the updated Accounts Code which will be prepared by the EU TA Team.
- The Bangla Version of Performance Audit Guidelines has already been drafted by the EU TA Team. A review committee at the OCAG level has already been formed to check the applicability and user friendliness of the version.
- Continuous Professional Development (CPD) Course of FIMA - 4 courses completed. 146 participants attended the course.

**77. Challenges and mitigations:** The main challenge faced during this period was the lack of availability of international consultants for sufficient time. Especially due to the absence of Performance Audit and IT Audit experts, some of our activities relating to Performance Audit and IT Audit could not be achieved during this period. Currently we have international consultants available for all streams of audit. So hopefully we will be able to achieve our activities within the next stipulated time if the international consultants are present according to their mission. To implement AMMS 2.0 and cope with a modern system of auditing in an automated environment OCAG approached to World Bank a

stand-alone funding through ERD and FD. Besides, In the PFM action plan, there are many important activities and sub-activities have been identified which need to be implemented, but due to the absence of concrete assistance from any development partners, OCAG is facing challenges to proper implementation of the PFM action plan. So, OCAG now is communicating with World Bank for PforR projects through the Finance division and ERD.

#### 78. Projects/schemes contributing to this component:

**a. SPEMP BETF- Sub-tasks- Accountability:** One international consultant named Mr. William was recruited under a technical assistance of SPEMP BETF sub task in 2020 for the duration of 03 months. Due to COVID 19 pandemic he worked virtually under supervision of OCAG and in 3rd IPEC meeting was held on 13th November and IPE Report of Bangladesh Power Development Board has been finalized by IPEC. Senior consultant of financial reporting scheme of SPFMS and CGA PIT. He delivered a policy implementation paper on IPSAS compliant financial reporting based on gap analysis reports provided by senior consultant of financial reporting scheme of SPFMS. Later on, he also delivered an IPSAS Cash complaint draft format of Finance accounts to CGA.

**b. EU-funded Technical Assistance "Supporting the implementation of the PFM Reform Strategic Plan in Bangladesh" (EUR 10m, 60 months):** EU-funded Technical Assistance "Supporting the implementation of the PFM Reform Strategic Plan in Bangladesh" (€10m, 36 months): The EU-funded TA Financing Agreement was signed in June 2019. The contracting firm was appointed and the implementation of the program started from September 2020 and has a closure date on June 2024. The OCAG approved a work plan for the component in March 2023. The activities are: (i) Audit Methodology; (ii) Regulation and Manuals and (iii) Professional Development and capacity building (particularly through FIMA). Further progress made during the reporting period (July to December 2023,) is summarized below:

##### **Audit Methodology:**

- Budgetary Central Government Financial Model Audit – progressed to first draft audit report stage; Significant issues with access to transaction level data.
- Micro-Credit Regulatory Authority and Financial Report Council Financial Model Audits – previously completed. Further supports requested by OCAG for January to June 2024 to support second audit of MRA was agreed.
- IT Auditing Courses (x3) held in FIMA in October 2023.
- IT Audits of three Government Units started in December 2023; teams established in October 2023;
  - o e-GP (IT Audit Directorate)
  - o Smart Mutation/e-Mutation System (digitised land management system) (Revenue Audit Directorate)
  - o Motor vehicle registration Management System (Transport Audit Directorate) system.
- Performance Audit Courses (x2) held in FIMA in September 2023 for 50 officials; OCAG Established Performance Audit cell consisting of 50 officials.
- Audit Topics selected for two model performance audits (four pre-studies) as at End December 2023.

##### **Regulations and Manuals**

- Performance Audit Guidelines completed and published by the OCAG in May 2023; Translation into Bangla substantially complete as of December 2023.
- Account Code revised from four volumes to one; Editorial stage as of December 2023.
- OCAG Communications Strategy commenced.
- ToR for QA Cell substantially complete.

##### **Professional Development**

- 90% Pass Rate achieved in Financial Accounting Exam (CIPFA Certificate).
- 62 new CIPFA Certificate holders awarded achieved.

**79. Next steps:**

- Successful implementation and providing necessary training for the RP (Responsible Party) module of AMMS 2.0.
- Updating IT Audit Manual.
- Development of IT Strategic Plan for OCAg.
- Development of home-grown Data Analytics Tool.
- Providing training on IT and Performance Audit in abroad.
- Conducting Model IT Audit, Performance Audit and Financial Audit.
- Updating Accounts Code.
- Updating Communication Strategy.
- Developing Self-Disclosure Policy.
- Developing Handbook on Audit of Works.
- Proper implementation of the work plan of the EU-funded project to implantation of the PFM action plan.
- Finalize the arrangement of Pfor4 for OCAg with proper communication with the World Bank, Finance division, and ERD.

**Objectives:**

- To uphold accountability, to ensure transparency and to support good governance in financial sector.
- To support FOC's for better scrutiny adopting parliamentary best practices.
- To implement the use of MIS to support Financial Oversight Committees.

**81. Output:**

- Exposure Visit of the BPS officials to the Indian National Parliament (New Delhi)
  - Arranged Exposure Visit to the Indian National Parliament (New Delhi) for the officials of Bangladesh Parliament Secretariat.
  - The exposure visit took place during 16 July-22 July 2023.
  - A team of 27 personnel including two TAs and a DT Global representative attended the visit.
  - The team was led by the Hon'ble Senior Secretary of the Bangladesh Parliament Secretariat.
  - The team has met with the Hon'ble Speaker and Secretary General of the Lok Sabha.
- A Monthly Check in meeting of Program Implementation Team (PIT) was held on 09 August 2023 which was chaired by PIT Head and Additional Secretary (IPA) of the Bangladesh Parliament Secretariat.
  - The Program Execution and Coordination Team (PECT) of the Finance division, representative of DT Global and European Union attended in the meeting.
  - The main objectives of the meeting are to discuss the progress of Annual Work Plan (AWP) and discussion on Indian exposure visit, progress of CMIS and upcoming work plan till December 23.
- A meeting was held on 13 September 2023 among representative of European Union Result Oriented Monitoring (ROM) Expert Ms. Corina CERTAN with Honorable senior secretary Mr. K. M Abdus Salam regarding to review the progress of the ongoing activities and overall work plan.
- 2nd stakeholder retreat 2023 took place on 27-29 September 2023 at The Dream Square Resort, Mawna, Gazipur.
  - This workshop was developed for members of the Program Implementation Teams (PIT), Program Execution and Coordination Team as well as representatives from the Finance Division and PFM institutions, other stakeholders and Development Partners who will support the implementation of the PFM Action Plan.
  - The purpose of this retreat was to identifying the key challenges, solutions, and the required actions that can help turn low scores into good scores in the next PEFA assessment.
- A Monthly Check in meeting of Program Implementation Team (PIT) was held on 08 October 2023 chaired by PIT Head and Additional Secretary (IPA) of the Bangladesh Parliament Secretariat.
  - The Program Execution and Coordination Team (PECT) of Finance Division, representative of DT Global and European Union attended in the meeting.
  - The main objective of the meeting was to discuss the progress of Annual Work plan (AWP), Progress of CMIS and upcoming activities till December 2023.
- Another Monthly meeting of Program Implementation Team (PIT) was held on 26 November 2023 chaired by PIT Head and Additional Secretary (IPA) of the Bangladesh Parliament Secretariat.
  - The Program Execution and Coordination Team (PECT) of Finance Division, representative of DT Global and European Union attended in the meeting.
  - The main objective of the meeting was to discuss the progress of Annual Work plan 2023, review on 3rd quarter activities of 2024, and Preparation of work plan from January 2024 to June 2025.
- Another Monthly check-in meeting of Program Implementation Team (PIT) was held on 31 December 2023 chaired by PIT Head and Additional Secretary (IPA) of the Bangladesh Parliament Secretariat.
  - The Program Execution and Coordination Team (PECT) of Finance Division, representative of DT Global and European Union attended in the meeting.

Global and European Union attended in the meeting.

- The main objective of the meeting was to discuss the progress of Annual Work plan 2023, Preparation of work plan from January 2024 to June 2025 and Miscellaneous.
- A capacity building training on "Fundamentals of Committee Support: Content Based Training" (Part 2) was organized from 20 December 2023 to 04 January 2024. A total of 20 officials of three financial oversight committees, have participated in a 11-day long training course.
- A draft report titled "Financial Oversight Committees (FOCs) of the National Parliament: Review of the Activities and Recommendations" has been prepared and submitted on 05 October 2023 to BPS for review.
- The training, titled "Ensuring Accountability through Strengthening the Public Relations of Bangladesh Parliament: Training for Officials," started on 20 November 2023, with the participation of 14 officials from the PR wing and FOC wing.
- Three field visits took place at 'Dainik Samakal', 'Independent TV', and 'The Business Standard' on 27th November 2023 and 28th November 2023 as a part of Two weeks Training Programme titled "Ensuring Accountability through Strengthening the Public Relations of Bangladesh Parliament: Training for Officials" was organized from 20-29 November 2023 to strengthen the media management capacity of Public Relations Wing and FOC Wing of BPS.
  - As part of this training program, Resource persons from the Lokh Sabha 'PRIDE' had conducted two sessions virtually for sharing cross-country experiences on public relation activities of the parliaments.
- An approved (by FOC) list of requirements received, a list of unmet requirements was prepared on its basis.
- The list of unmet requirements that can be covered by EU TA was reviewed with DS, FOC
- A software firm 'Tappware Solutions Limited' was selected for the CMIS development. The firm had already started working on software upgradation. The CMIS development will be conducted into two phases, the core part would be delivered in January 2024, so that the meetings of the FOCs of the 12th Parliament could be operated through the MIS.
- PIT regularly met and discussed progress of the Parliament Component of the PFM project.
- An IT training needs assessment format was prepared by DT Global and submitted to IT of BPS for data collection. According to the feedback of IT officials, a report on IT training needs assessment would be prepared.
- The Parliament website uploaded the publications of the briefs on the National Budget 2023-24. The link of the page is as follows: <https://www.parliament.gov.bd/page/31/budget-help-desk>
- A letter was sent to the Economic Relations Division on 12 November 2023 for the extension of this program till June 2025 to complete the unfinished activities.

## 82. Challenges and Mitigations:

The tenure of the 11th Parliament will end this year which will create pressure in availability of time to complete the remaining activities. Parliamentarians may not be available to participate in the program as they will be busy with the upcoming national election related activities. After the new parliament resumes, newly elected parliamentarians will also take some time to settle down. The program may need to be redesigned once the new parliament is in operation in early 2024.

On the other hand, Public Financial Management (PFM) programme activities need to be continuous for the officials of the BPS. As one cycle of the annual work plan is completed, another cycle needs to begin for the continuous learning of BPS officials.

As part of the sustainability of the Parliament component of the PFM after the end of the EU, necessary workplan and funding need to be designed and accommodated in the BPS future workplan.

**Mitigation:** Due to time constraints and the need to prioritize critical activities outlined in the PFM Action Plan, the exposure visit for members of new parliament needs to be rescheduled. BPS should include workplans accommodating PFM strengthening activities in its upcoming annual work plan as well as annual budget.

**83. Projects/Schemes contributing to this component**

**EU-funded technical assistance “Supporting the implementation of the PFM Reform strategic Plan in Bangladesh” (EUR 10 m, 36 months):** The objective of this program includes supporting the three Parliamentary Financial Oversight Committees to fulfill their respective mandates. The Financial Agreement was signed in June 2019 and the implementation of the program started in September 2020. With regards to the component with the National Parliament, the agreed main activities will focus on (i) professional development and capacity building, and (ii) information technology. EU appointed a Firm named DT Global IDEV Europe to undertake the program.

**84. Next steps:**

- **Publication of the “Parliament Research Brief”**

03 Draft Parliament Briefs were prepared to be published on following topics:

- Participation of the Opposition members of the Parliament in the Parliamentary debates of the 11th Parliament.
- A Study on the activities of Public Accounts Committee of the 10th Parliament.
- Education- related questions in Parliament: Perspective of the ninth parliament.

- **Publication of Research Report**

- Finalization and publication of the Research Report on ‘An Analysis of the Activities of the FOCs of the National Parliament: Perspectives of Legal, Institutional and Operational Issues’ is ongoing.
- English translation of the report will be prepared.

- **Training**

- Arrangement of a capacity building training on “Fundamentals of Committee Support: Content Based Training” (Part 3)
- Enabling Budget Helpdesk
- Enabling Budget Helpdesk. Capacity building on research.
- Tag financial research organization with BPS to enable MPs in budget discussion.
- Organizing orientation training for the research assistants for the Budget Help desk.
- Arrangement of debriefing sessions for the Members of Parliament.
- Publication of Booklet on Budget Information.

- **CMIS**

- Recruitment of Vendor for FOCs CMIS related activities.
- Identifying an immediate deliverable of the CMIS of the FOC which could be delivered by the vendor before the new Parliament starts its operation in late January/early February, 2024
- Prepare System Requirements Specification (SRS) for FOC functionalities.
- Prepare System Design Document based on prepared SRS.
- Software development for Phase 1 deliverables.

- **IT capacity building needs assessment**

- Orient FOC member's with CMIS.
- The training will be organized in January 2024.

- **Sustainability of the Parliament Component of the PFM programme**

- Designing of the annual work plan taking into account of sustainability issue.
- Necessary allocation of fund to be ensured in the upcoming BPS budget.

**Objective:**

Public procurement is a major component comprising 45% of the national budget of Bangladesh. The country is rapidly transforming its public procurement environment by shifting gradually from traditional procurement practices to international standards through digitization of systems. The Public Procurement Act 2006 and Public Procurement Rules 2008 has references for the introduction of e-GP over time in the country (Section 65 of PPA-2006 and Rule 128 of PPR-2008). Digitizing Implementation Monitoring and Public Procurement (DIMAPP) Project for Bangladesh is supporting towards a better Procurement management system in Bangladesh especially digitizing and strengthening the capacity of procurement professionals. This component of procurement aims for the expansion of the e-GP system that will improve procurement-related governance issues at the local level providing greater transparency with reduced discretionary authority for all sector operations in Bangladesh.

**86. Outcomes:****The outcomes of this component include of the followings:**

- Single national electronic government procurement (e-GP) portal is in smooth operation to complete the procurement processing in a reasonable shortest possible time.
- Updated disclosable procurement data is disclosed in the e-procurement, CPTU and citizen portal.
- Online procurement system in saving significant time in procurement processing. It is reducing transportation significantly. This procurement system is contributing to reduce the carbon footprint.
- Professionalism is increasing among the officials of the procuring entities and agencies due to the capacity development programme.
- Site-specific citizen monitoring of public works contract is continuing in 48 sub-districts covering 8 divisions.

- Government Tenderer's Forum (GTF) is formed in all districts and is operational to resolve the procurement related issues at the local level.
- Citizen portal "Sarkari Kroy Batayan" ([www.citizen.cptu.gov.bd](http://www.citizen.cptu.gov.bd)) is well functioning to disseminate updated procurement and contract management data following the Open Contracting Data Standard (OCDS).

### 87. Output:

**The outcomes, mentioned above, have been associated with the measurable outputs.**

Bangladesh Public Procurement Authority act is passed by the parliament. Sustainable Public Procurement Policy is approved and issued. e-GP system is managed and maintained. Framework Contract module is included in e-GP system. Service Procurement module is included in e-GP system for PS7 Document. 65572 tenders are invited in this reporting period from 01 July to 31 December 2023. 2271 Users are trained on tenderers' database module of e-GP system. Implementation of Security Operation Center (SOC) for e-GP cyber security is ongoing. 150 new branches of the registered banks are connected with e-GP and now 6992 branches of the 52 registered Banks are providing banking services to the e-GP users. Integration of Achallan with e-GP is completed and Fees of e-GP about 10638950 taka is transferred to treasury directly through Achallan. More than 72,000 experience certificates are stored in the database form both manual and e-GP contracts. Contract is signed with 12 individual consultants to perform procurement post review of 12 Procuring Agencies. Contract is signed to provide 3-week basic procurement management training to around 1250 government officials. 2133 users are trained on different perspective of national e-GP system. Data center is managed and maintained for the smooth operation of the national e-GP system. Citizen portal is being maintained. Development of enhanced Electronic Project Management Information System (e-PMIS) is completed and access is given to more than 677 project directors for managing their projects. 407 users are trained on e-PMIS system. 10 workshops for the project directors are conducted on e-PMIS.

### 88. Challenges and mitigations:

Maintaining and enhancing cybersecurity of the e-GP system with limited in-house technical specialists' skills is a challenge. CPTU is currently working to establish a dedicated security operation center to better manage the cybersecurity of the e-GP system.

### 89. Projects/schemes contributing to this component:

**Digitizing Implementation Monitoring and Public Procurement Project (DIMAPPP):** GOB has been implementing DIMAPPP at a cost of BDT 1012.74 crore (GOB BDT 21470.57 Lakh and PA \$95 million) since 2017 and has an expected closing date on 31 December 2024. Aim of this project is to improve public procurement performance and enhance capacity for implementation monitoring of development programs/projects. The DIMAPPP has following four components that are contributing to this component:

- Component 1: Restructuring CPTU and Policy Reforms
- Component 2: Enhancing Digitization of Public Procurement
- Component 3: Professionalizing Procurement and Citizen Engagement
- Component 4: Digitizing Project Implementation Monitoring

### 90. Next steps:

Standard Tender Documents (STDs) will be translated to Bangla. More focus will be given bringing Service procurement under the purview of e-GP. As recommended in the Bangladesh Public Procurement Assessment (MAPS) Report, June 2020, the draft amendment will include new features to further enhance/modernize Bangladesh public procurement system. Enhanced e-PMIS system is going to be implemented for better monitoring to the government projects.

**91. Objective:**

PFM reform agenda is aimed at improving the functionality, efficiency, and effectiveness of the PFM systems, introducing changes in PFM systems, processes, and practices, and enabling better coordination among various stakeholders of the PFM systems. Thus, component 14 of the PFM Action Plan spells out all details and requirements to begin its implementation, including the establishment of the PFM governance structure to lead and support the reforms.

**92. Outcomes:**

A two-tier governance structure comprising of Steering Committee (SC), and Program Execution and Coordination Team (PECT) has been established with a defined ToR. They are supported by 13 Program Implementation Teams (PITs) that are leading the various PFM reform components. All 3 (three)

Independent Verification Agencies are on board. The three (3) agencies are PwC, OCAg, and CD. Seven (07) field inspections have been successfully completed in Kishorgonj, Natore, Khulna, Bagerhat, Panchagarh, Sylhet and Patuakhali District. Two PFM stakeholders' retreat have been successfully organized.

### 93. Outputs:

- 3rd Steering Committee was held on 31st July 2023. The DLR progress, achievement status, financial progress and progress of the annual procurement plan the 8 schemes were discussed in the meeting.
- 1st PFM Summit was jointly organized by the World Bank and Finance Division on 25 September 2023 at Pan Pacific Sonargaon Hotel to review the progress that have been achieved over the years and to brainstorm over new ideas to take forward the future PFM reform initiatives. The main objective of the summit was to recognize that strong PFM systems are essential to boost efficiency of public service delivery and, the Government of Bangladesh, with support from the World Bank and other development partners, had been continuously undertaken and implemented PFM reform initiatives since the last three decades. The PFM Summit 2023 served as a platform to recognize Bangladesh's accomplishments in the realm of Public Financial Management over the past three decades and discuss reforms needed to address existing and emerging challenges. The event was successfully held and marked with vibrant and rich discussions by the PFM reform champions, specialists and the participants.
- Second PFM stakeholder retreat was held on 27-29 September 2023 at Dream Square Resort, Gazipur. The objective of the PFM retreat was to provide updates on the progress, notable accomplishments, challenges, and future directions for all components of the PFM Action Plan. Additionally, discussion was held with the revised activities and sub-activities outlined in the Revised PFM action plan (2024-28).
- 8th PFM Action Plan Progress Report (January 2023-June 2023) has been prepared and published on October 2023. The report has been distributed to the stakeholders as well as uploaded in the website.
- The AWP of 14 (fourteen) components of the PFM Action Plan have been included in the Semi-Annual PFM Action Plan progress report.
- Two newly recruited PECs joined on 21 November 2023 and on 24 August 2023. Currently 8 PECs are working in the program.
- A Check-in-Meeting with PITs was held on 26th and 27th July 2023, chaired by Mr. Shirajun Noor Chowdhury, NPD, SPFMS and Additional Secretary, Budget Wing, Finance Division, Ministry of Finance.
- A new dynamic website of IPF has been launched by the Governor, Bangladesh Bank on 24 August 2023.
- The 10th TAC meeting was held on September 5, 2023 at Finance Division. The meeting was attended by the representatives from the World Bank, European Union, High Commission of Canada, and members from the Cabinet Division, NBR, Planning Commission, OCAg, CPTU, Macroeconomics

Wing, Treasury and Debt Management wing, SOE Monitoring Cell, SOE Wing, Budget Wing of Finance Division, and SPFMS program officials.

- Senior Consultant (Monitoring and Evaluation), SPFMS, joined on 24 September, 2023. Moreover, as part of the BETF technical support, Int'l Consultant (M&E) was on board on 20 November, 2023. M&E Technical Assistance Kick off meeting was held virtually with International Consultant (M&E) on 22 November, 2023. Training Need Assessment for M&E Indicator framework for each component has been prepared. Draft Result Framework and Implementation Monitoring Indicators for 8 schemes are being prepared.
- The World Bank (WB) team undertook the 6th implementation support mission (ISM) for the Strengthening Public Financial Management Program to Enable Service Delivery (SPFMS, P167491) during October 11 -19, 2023.
- Consultant (Communication Strategy) joined on 01 October 2023. Communication Strategy and Communication plan for SPFMS is being developed by the consultant. Work in progress to develop a Quarterly SPFMS Newsletter (electronic version) of SPFMS Newsletter. The first issue of the newsletter will be published by 15 April 2024.
- Customized e-mail accounts of officers and consultants of SPFMS have been created on 31 December 2023 as per guideline of E-mail Account policy 2018 of the government. Negotiation has been done with A2i to develop a separate cluster for SPFMS website by re-arranging existing structure.
- The final report of the research titled "The impact of fiscal stimulus on the economy during COVID-19 Bangladesh Perspective" has been submitted by Bangladesh Institute of Governance & Management (BIGM), which is under review and quality check by IPF. The draft report of the research titled "Long-term financing: A critical assessment of the bond market in Bangladesh and the way forward" has been submitted by Bangladesh Institute of Bank Management (BIBM), which is under review by IPF.
- Twenty-eight civil servants (21.43% women participants) have already completed their PFM related courses from abroad.
- Ten officers from FEEM courses have been studying masters PFM related subjects in abroad.
- Eight officials from Finance Division and SPFMS program participated in the Professional Development Course on "Strategic Human Resource Management, Business Leadership and Change Management" organized by AIT Extension, Asian Institute of Technology (4-8 December, 2023) funded by SPEMP-BETF. A total of 5 days' training courses designed covering: (1) Strategic Human Resource Management in Thai Government, (2) Performance Management, (3) Change Management, (4) Strategic Human Resource Management, and (5) Business Leadership. The sessions were conducted by professional trainers from both the government and private sector arranged by AIT Extension, Thailand.

#### 94. Challenges and mitigations:

Due to covid-19, the PFM-related Courses for civil servants in abroad could not be arranged during 2020-2021 and 2021-2022 sessions. The selection of participants for masters' courses is based only on the performance of FEEM courses. It seems to be difficult for IPF to reach the target of 100 government officials to successfully accomplish specialized PFM-related courses or certifications within the allocated time frame of the program. Moreover, some challenges and mitigations have been identified during discussion with relevant stakeholders: (i) the amount given to participants is not competitive with other similar courses offered by the government which could be raised, (ii) identifying local training organized from some recognized institutions under the supervision of IPF, (iii) identifying new training topics through discussion with FD and the World Bank. The shortage of manpower is a major challenge of IPF. Currently, only one director is working in IPF. Developing the Monitoring and Evaluation (M&E) guidelines including result- based indicators and reporting template in consultation with the stakeholders seems challenging. However, support from PITs may overcome the challenge.

#### 95. Projects/schemes contributing to this component:

- a) Scheme on "PFM Reforms Leadership, Coordination and Monitoring":** The non-ADP scheme on "PFM Reforms Leadership, Coordination and Monitoring" was approved in May 2019 with total funding of

### PFM Reform Champions

Former Finance Minister A. H. M. Mustafa Kamal handed over crests to five former Finance Secretary as "PFM Reform Champions" during PFM Summit, held on 25 September 2023 in Dhaka. Crest recipients (from left) Mr. Zakir Ahmed Khan, Dr. Mohammad Tarek, Mr. Fazle Kabir, Mr. Mohammad Muslim Chowdhury and Mr. Abdur Rouf Talukder.

BDT14, 000 lac (USD 16.6 million) and had a closing date of 30 June 2023. The scheme has been revised with the closing date of 30 June 2026. The total funding in the revised document raised to BDT 16,634.20 lac (USD 19.8 million). The program is being implemented by the Finance Division under the WB co-financed SPFMS.

#### 96. Next steps:

- The fourth Steering Committee meeting will be held on May, 2024.
- Two more field inspections will be organized by June, 2024.
- M&E Indicator Matrix for SPFMS will be developed by March 2024 in consultation with the stakeholders and M&E Guideline will be finalized by June 2024.
- The 1st M&E report will be prepared by August 2024.
- The final report of the research titled "The impact of fiscal stimulus on the economy during COVID-19 Bangladesh Perspective" conducted by Bangladesh Institute of Governance & Management (BIGM), is under review for quality check by IPF. The report will be uploaded in the peer reviewed journal by April, 2024.
- A workshop will be organized on the draft report of research titled "Long-term financing: A critical assessment of the bond market in Bangladesh and the way forward". The final report of the research will be submitted by April 2024 and the final report will be uploaded in the peer reviewed journal report will be uploaded in the peer reviewed journal by June, 2024.
- The research titled "The factors affecting public spending allocative efficiency in Bangladesh: An empirical study on health service" will be completed by December 2024.
- Partial achievement report for civil servants for completion of PFM related masters under DLR-10.6 will be submitted by March 2024.
- Communication strategy and Communication Plan for SPFMS will be finalized by March, 2024.
- Publication of a quarterly SPFMS Newsletter (electronic version) of SPFMS Newsletter is in progress. The first issue of the newsletter will be published by 15 April 2024.
- Supported by BETF, the PFM Stakeholders' Retreat will be held by August, 2024.
- Thirty-five officers are expected to go abroad for studying PFM-related Master degree courses during September 2024-25 session.
- Foreign trainings will be arranged on leadership and change management supported by BETF.

### 03. GOVERNANCE STRUCTURE

97. The PFM reform program has a two-tier governance and coordination structure - comprising a **Steering Committee** and a **Program Execution and Coordination Team (PECT)**. Such governance and coordination structure of PFM reforms is providing a mutual learning and accountability platform among the relevant institutions for sustained use of improved PFM procedures and systems.

- **Steering Committee:** The Steering Committee headed by the Finance Secretary has representation from Cabinet Division, OCAG, CGA, NBR, Economic Relations Division, and Planning Commission. It oversees the implementation progress, provides policy guidance and ensures an enabling environment for reforms to succeed and sustain, and decides on possible course-corrections based on implementation lessons and suggestions from the PECT.

#### Program Executive and Coordinator Team (PECT) led by National Program Director

- **PECT:** PECT is leading the coordination of the PFM reforms. The roles of PECT involves leading the coordination of the reforms with active support from the line ministries as well as the development partners, developing progress and performance indicators for each (activity) cluster, supporting the capacity development of each PIT to develop effective PFM-focused monitoring, preparing semi-annual Progress Reports, developing a detailed communication plan, and creating a PFM Reform Learning Hub in IPF.
- **PITs:** In close coordination of PECT, 13 PITs formed in different PFM institutions have the primary accountability of implementing the respective PFM Action Plan components, preparing implementation documentation such as work plans and budget allocation, providing financial oversight on program implementation, and achieving the performance targets.
- **ISCs:** The implementation support consultants have deployed to facilitate PITs active functioning. Preparation of the semi-annual progress reports along with the semi-annual retreats and regular PFM field inspections are important coordination instruments.

#### 04. OVERVIEW OF PFM ACTION PLAN FINANCES

**98. The total cost of the reforms is BDT 194.10 crore (USD 23.11 million) for this reporting period.** Of this amount, BDT 0.12 crore (USD 0.01 million) spent on the DP co-financed projects outside the government's single treasury account, while BDT 151.12 crore (USD 17.99 million) spent on DP co-financed on-treasury account. BDT 24.46 crore (USD 2.91 million) equivalent spent by different DPs to support PFM reforms in Bangladesh. Finally, BDT 18.39 crore (USD 2.19 million) is the allocation of the Government-own operating costs/ Governments' co-financing to DP projects of staffing and other recurrent expenditures directly attributable to the PFM reforms. In previous reporting time, the total cost of the reforms was 1453.40 crore and the cumulative cost is 1647.49 crores up to this reporting time. The breakdown by recipient is presented in the table below for expenditures from July 2023 to December 2023.

| OVERVIEW OF PFM ACTION PLAN FINANCES  |  |                       |                              |  |   |           |   |                                      |                              |
|---|--|-----------------------|------------------------------|--|---|-----------|---|--------------------------------------|------------------------------|
| Component Name  | DP Fund (Special A/C-outside Treasury) | DP Fund (on Treasury) | Government own Fund Projects | Donor Executed (incl. SPEMP, BETF, SPIMS, UNDP, EU TA, SAARTAC etc.) | Government's operating costs allocation/ Government's co-financing to DP projects | Total     | amount in lac BDT                           |                                      |                              |
|   |  |                       |                              |  |   |           | Total cost from September 2018 to June 2023 | Cumulative Costs as of December 2023 | Percentage of each Component |
| 1   | 2                                      | 3                     | 4                            | 5  | 6   | 7         | 8   | 9                                    | 10                           |
| C-1: Revenue Expenditure and Forecasting  |  | 128.83                |                              |  | 203.33  | 332.16    | 2,380.74                                    | 2,712.90                             | 1.65%                        |
| C-2: Domestic Resource Mobilization   | 12.52                                  |                       |                              | 713.51   | 132.09  | 858.12    | 42,941.75                                   | 43,799.87                            | 26.59%                       |
| C-3: Debt Management  |  | 111.85                |                              |  | 266.65  | 378.50    | 2,971.93                                    | 3,350.43                             | 2.03%                        |
| C-4: Planning and Budget Preparation  |  | 278.40                |                              |  | 516.65  | 795.05    | 5,998.66                                    | 6,793.71                             | 4.12%                        |
| C-5: Public Investment Management   |  |                       |                              |  | 19.72   | 19.72     | 1,871.12                                    | 1,890.84                             | 1.15%                        |
| C-6: Public Sector Performance Management   |  |                       |                              |  |   | 0.00      | 266.34                                      | 266.34                               | 0.16%                        |
| C-7: IBAS++/BACS Implementation   |  | 1564.24               |                              |  | 347.98  | 1,912.22  | 14,626.87                                   | 16,539.09                            | 10.04%                       |
| C-8: Pension Management   |  | 273.05                |                              |  | 195.14  | 468.19    | 5,327.36                                    | 5,795.55                             | 3.52%                        |

## 05. CHALLENGES

**99. Leverage Artificial Intelligence (AI) and data analytics for better PFM outcomes.** At the age of 4th industrial revolution there is no alternative to introduce artificial intelligence (AI) in PFM. The accuracy and efficacy of AI models severely depend on the quality of data used to train them. Therefore, poor data quality can lead to erroneous outcomes and unreliable predictions. Infrastructure limitations, a prevailing skill gap, concerns over data privacy and ethics, and the need for appropriate policy and regulation are significant obstacles. To mitigate these gaps, we need consistent focus on generating accurate data, streamlining support to employees, engaging citizens to prevent fraud and boosting operational efficiency.

**100. Block chain for an extensive & comprehensive govt. financial management.** Governments around the world are constantly exploring new technologies to enhance the efficiency and transparency of their operations, and blockchain technology is no exception. A govt. having capacity with blockchain-based PFM system can increase trust and accountability through protecting data, streamlining processes, and reducing fraud, waste, and abuse. Moreover, blockchain-based accounting system provides faster, more durable and auditable reconciliation. However, we are still lack behind in capacity building of our employees regarding block-chain technology.

**101. Capacity development of Government officials and public representatives.** The key to develop PFM Capacity is to develop capacity among government officials and public representatives. Continuous support to train govt. officials is being provided throughout the year under this program. Different types of training materials have been prepared and made them available to the employees. However, without engaging public representatives it is not possible to make the PFM reforms sustainable. PFM reforms often required a trigger that establishes the political consensus for such reforms. To ensure the political consensus, we need to design and implement capacity development programs for public representatives.

**102. Financial Reporting.** Appropriate, transparent reporting against planned outcomes is the one of the key elements of PFM success, helping governments be accountable for their fiscal actions. At present, Annual Financial Statement (AFS) has been produced on time through IBAS++ system. However, without commitment control system in place, data on liabilities—a critical piece of information for accrual accounting— would not be available. Several new activities have been undertaken to mitigate these challenges.

**103. Legal framework to implement PFM reforms.** Amendment of acts, rules, policies, manuals required to support a well-functioning PFM system, which is a significant hurdle for the execution of PFM Action plan in Bangladesh. Before developing any business process for the automation of any services or process, it should be ensured that all related laws, rules, regulations etc. have been reviewed with proper diagnosis for amendment.

**104. Implement Internal Audit.** Internal auditing is currently viewed as an objective activity designed to evaluate and improve the effectiveness of an organization's risk management, control, and governance and as an integral part of public financial management. To achieve these objectives, the IA Charter, and the Risk Based Audit (RBA) Manual have been prepared which provide a framework to establish effective internal audit functions in MDAs. Though, piloting has been initiated in 5 Departments, it is difficult to ensure the independence of Internal Audit committee to resolve audit observations made by the Internal Audit unit. Moreover, Public Sector has limited opportunities to develop the knowledge and skills required today to perform qualified internal audits. Therefore, the development of the system needs focus, highlighting the need for step-by-step implementation, involvement of qualified specialists in Internal Audit Committees and Internal Audit functions, and collaboration with professionals.

## 06. LESSON LEARNED

**105. A comprehensive governance system has been built for the coordination and implementation of PFM reforms to prevent fragmentation of PFM improvements.** It gives the Finance Division the capacity to coordinate and serve as the overarching leader for PFM reforms led by other institutions, including OCAG, NBR, Planning Commission, Cabinet Division, Bangladesh Parliamentary Secretariat, CPTU, and various wings of the Finance Division.

**106. Although there seems to be a high level of government ownership and commitment to implementing PFM changes, there is a lack of technical coordination, in part because of extensive program management procedures.** To give technical departments clear instructions and direction and to handle any operational obstacles with freedom, a strong commitment from government leadership is necessary for the PFM Action Plan's implementation. The government may feel more ownership in some areas, such as parliamentary monitoring, public sector performance management, and internal audit and audit follow-up.

**107. Coordination between ministries and agencies is a major hurdle in implementing the PFM action plan.** To achieve the desired outputs and outcomes, strong collaboration between the FD, NBR, cabinet departments and high-spending ministries is highly significant. The World Bank team can play vital advisory role, where necessary, to eliminate silos within government structures. Recent efforts by the FD and the Cabinet Division in the Public Sector Performance Management component have made some progress and have yielded positive outcomes for APA.

**108. Strategies must be carried out exactly as planned, and results must be tracked and recognized.** Rather than focusing on plan implementation, some implementers may choose to restart the plan or pursue new reform initiatives outside of the plan.

**109. Investments in capacity building on advanced technology for govt employees should be supported by an in-depth analysis of the capacity requirements.** Public sector leaders who have the vision to adopt the new technology now have the opportunity to gain an unprecedented level of visibility, predictability and control over the use of public money. The benefits of government employees learning advance technology like blockchain extend beyond individual career growth, as it can also lead to the development of more secure, transparent, and efficient government systems that enhance public trust and service delivery. Ultimately, investing in blockchain education for government employees can lead to a more informed and skilled workforce that can help governments leverage the full potential of blockchain technology to create positive social and economic impacts.

**110. Regarding Internal audit and audit follow up, arrangement, formation & liaison to establish Internal Audit Unit (IAU) and Internal Audit Committee (IAC) in 5 departments & FD as per the Charter and Manual is another challenge.** Besides, it is also challenging to ensure the independence of Internal Audit committee at the ministry/ division level to resolve audit observations made by the Internal Audit unit.

**111. Change Management and its outcomes towards the PFM process.** Change management support and an efficient governance framework supporting all 14 components are crucial to coordinating and learning across all stakeholders and development partners engaging in the overall PFM activity. Using adaptive leadership (or change leadership) to address non-technical challenges by assessing and managing risks, (further) empowering a group of leaders in Bangladesh's government, and mobilizing a significant number of people with a shared vision to bring about long-term changes in social and organizational culture is equally important. Change management can help us getting better outcomes more quickly and sustainably.

## 07. ANNUAL WORK PLAN (AWP)

**COMPONENT-1: REVENUE AND EXPENDITURE FORECASTING (MACRO-ECONOMIC WING, FINANCE DIVISION)**

\*Activity Type: 1. Analytical activities, studies, surveys; 2. Training; 3. Communication and knowledge sharing; 4. Advocacy; 5. Drafting/revising laws, strategies, regulations, framework, procedures; 6. IT systems acquisition, 7. Consultations, forums, citizens' participation; 8. Execution of reformed PFM process (such as functioning of BMC or carrying out performance evaluation of SOEs)

| Serial (a)  | PTTA Action Plan - Activity Title (b)   | Sub-activity (c)   | Activity Type (d)                               | Key Steps (Current Status & Achievements) (e)  | PTT member/ other official responsible (f) | Q1 FY 24 | Q4 FY 24 | Q1 FY 25 | Q2 FY 25                                    | Incremental cost (in \$M) (g) | Remarks (h)  |
|---|---|--|---|--|--|----------|----------|----------|---|-------------------------------|--|
| C1- Activity 1  | Replace macroeconomic models with a dynamic macroeconomic model which enables more robust revenue and expenditure forecasting | Identify model requirements (with specific purposes and outputs) in consultation with relevant wings             | 1. Analytical activities, studies, surveys;     | a) Study different types of macroeconomic models for forecasting and identify what is suitable.                            | Dr. Manwar Hussain Malik                   | Done     | Done     |          |   | 8.5                           | Model requirement specification approved by Finance Secretary. |
|   |   |  |   | b) Design an outline of the specifications and get them elaborated in consultation with relevant stakeholders and experts. |  |          |          |          |   |                               |  |
|   |   |  |   | c) Finalizing the macroeconomic model requirement after discussing all relevant stakeholders.                              |  |          |          |          |   |                               |  |
|   |   | Consult best practices from similar countries and decide on the specific nature and design of the proposed model | 1. Analytical activities, studies, and surveys. | a) Consult local experts and arrange workshops on macroeconomic models for forecasting                                     | Mr. Abdul Mannan                           | ✓        | ✓        | ✓        | ✓   | 21.5                          | Different macroeconomic forecasting models were studied.       |
|   |   | b) Participate in courses on macroeconomic modeling or conduct study tours.                                      |   |  |  |          |          |          |   |                               |  |
|   |   | Identify software requirements for the selected model building and application                                   | 6. IT systems acquisition                       | a) Follow procurement process.   |  | Done     | Done     |          |   | 4.5                           | -  |
|   |   | b) Make contact with vendor(s).  |   |  |  |          |          |          |   |                               |  |
| Procure identified software   | 6. IT systems acquisition   | a) Procurement of EViews software.   |   | Done   |  |          |          |          | -   |                               |  |
| ✓ Prepare specification   |   |  |   |  |  |          |          |          |   |                               |  |
| ✓ Complete other mandatory requirements and application configuration |   |  |   |  |  |          |          |          |   |                               |  |
| Transfer data from the existing model set-up                          | 6. IT systems acquisition   | a) Data Collection and Processing  | Mr. Abdul Mannan                                | ✓  | ✓  | ✓        | ✓        | 10.5     | MoUs has been signed with the stakeholders. |                               |  |
| Identify possible stakeholders and make data sharing arrangement      | 3. Communication and knowledge sharing  | b) Identify missing data.  |   |  |  |          |          |          |   |                               |  |
|   |   | a) Create and approve the list of potential stakeholders.  |   |  |  |          |          |          |   |                               |  |
|   |   | b) Design the criteria and framework for data sharing.   |   |  |  |          |          |          |   |                               |  |
|   |   | c) arrangement and create a template MoU for stakeholders to sign.   |   |  |  |          |          |          |   |                               |  |
|   |   | d) Sign MoU with the stakeholders.   |   |  |  |          |          |          |   |                               |  |
|   |   | e) Arrange regular coordination meetings with the stakeholder agencies.  | Mr. Abdul Mannan                                | ✓  | ✓  | ✓        | ✓        | Done     | PIT team established                        |                               |  |
| a) Program Implementation Team formulated.                            |   |  |   |  |  |          |          |          |   |                               |  |

**C-7: iBAS++/BACS IMPLEMENTATION (FINANCE DIVISION, iBAS++ PROJECT UNIT)**

•Activity Type: 1. Analytical activities, studies, surveys; 2. Training; 3. Communication and knowledge sharing; 4. Advocacy; 5. Drafting/revising laws, strategies, regulations, framework, procedures; 6. IT systems acquisition; 7. Consultations, forums, citizens' participation; 8. Execution of reformed PFM process (such as functioning of BMC or carrying out performance evaluation of SOEs)

| Serial (a)      | PFM Action Plan - Activity Title (b)   | Sub-activity (c)  | Activity Type* (d)   | Key Steps / (Current Status & Achievements) (e)  | PFM member/ other official responsible (f) | Q3 FY24<br>FY25 | Q4 FY25 | Q1 FY25 | Q2 FY25 | Incremental Cost Inc. BDT (g) | Remarks (h)  |
|-----------------|--|---|--|--|--|-----------------|---------|---------|---------|-------------------------------|--|
| C7- Activity 18 | Implement new BACS and enhance the use of IBAS++ information for decision-making | • Arrange capacity-building programs for CoA practitioners and DDOs   | 2. Training  | a) Prepare a time-bound training plan.<br>b) Implement training plan<br>c) Collect feedback from the training provided   | Mr. Mohammad Ali Prince                    | ✓               |         | ✓       | ✓       |                               |  |
|                 |  | • Arrange workshop, training, seminars for sensitize the higher authority, stakeholders and users                                   | 7. Consultations, forums, citizens' participation                          | a) Convene several workshops with stakeholders<br>b) Collect feedback from the workshops   | Mr. Mohammad Ali Prince                    | ✓               | ✓       | ✓       | ✓       |                               |  |
|                 |  | • 10 IBAS++ reports are developed and made available in IBAS++ system for budget execution decisions.                               | 1. Analytical activities, studies, surveys                                 | a) Prepare report formats<br>b) Make them available in the Budget Execution module   | Mr. Mohammad Ali Prince                    |                 | ✓       | ✓       |         |                               |  |
|                 |  | • Formulate report formats to produce all budget documents such as budget in brief, annual financial statement, MTBF by using COFOG | 1. Analytical activities, studies, surveys                                 | a) Prepare Report Formats & Collect feedback through workshops<br>b) Use the formats in producing budget documents   | Mr. Mohammad Saiful Islam                  |                 | ✓       | ✓       | ✓       |                               |  |
|                 |  | • Publish detailed budget execution reports on MoF's official website on a quarterly basis within one month of period end           | 8. Execution of reformed PFM process                                       | a) Make quarterly budget execution report available in MoF's Website within one month of period end  | Mr. Md. Touhidul Islam                     | ✓               | ✓       | ✓       | ✓       |                               |  |
|                 |  | • Publish Annual budget execution report and make it available to the public within six months of the fiscal year's end             | 8. Execution of reformed PFM process<br>6. IT systems acquisition          | a) Ensure months close on time<br>b) Produce system generated Annual Budget execution Report   | Mr. Md. Hasanul Maitin                     |                 |         |         | ✓       |                               |  |
| C7- Activity 19 | Improve and add functionalities in IBAS++  | • Prepare IBAS++ improvement plans to improve system functionality and processes  | 5. Drafting/revising laws, strategies, regulations, framework, procedures. | a) Identify IBAS++ improvement areas, at a macro level, in the following areas:<br>I. Report generation<br>II. System robustness<br>III. System performance<br>b) User-friendliness<br>c) Prepare a time-bound action plan for each of the improvement areas identified.<br>d) Convene a workshop with stakeholders to discuss and finalize the workplan | Mr. Md. Hasanul Maitin                     |                 |         |         |         |                               | At Macro level IBAS++ improvement areas have been identified |
